Celebrating more than 50 years as one of America's premier conservatories for the performing arts, AMDA is recognized throughout the industry for its rich history and tradition of launching some of the most successful careers in theatre, film and television.

AMDA began its journey in 1964 as a Musical Theatre school emerging from the vibrant Manhattan arts scene. AMDA was born with a simple but powerful idea: to create a school run by professional performers, for performers. The institution quickly established itself as an integral part of the New York performing arts community, garnering early support from Broadway's theatre elite, including

Sammy Davis Jr., Dina Merrill, Carol Channing, Richard Burton, and renowned actress Elizabeth Taylor.

AMDA soon became known throughout the performing arts world for critically acclaimed fundraising productions, which gave tribute to such luminaries as Stephen Sondheim, Julie Styne, Ira Gershwin and Cole Porter. These shows featured numerous icons of the stage and screen, such as Angela Lansbury, Liza Minnelli, Bette Midler and Kevin Kline.

In those early years, AMDA's first director, Philip Burton—the actor and instructor best known for helping launch the career of his adopted son, Richard Burton—befriended David Martin, an actor, director and producer who had studied under famed actor Charles Laughton and was working in both New York and London. In the late 1970s, Burton passed the AMDA torch to David and his wife, Jan Martin. The Martins, who produced several televised gala productions for

PBS, continue to serve as AMDA's Executive Director and Artistic Director to this day.

AMDA flourished under the Martins, who developed new programs and added some of the world's top performing artists to the faculty. The rapid expansion prompted a move to the historic Ansonia Building on Manhattan's Upper West Side. Continued success in the 1990s led to the addition of a second building— now AMDA New York's principal location—near Lincoln Center.

In 2003, the Martins brought AMDA's success to the golden West Coast, launching a Los Angeles campus in the Art Deco Yucca Vine Tower located in the heart of Hollywood. With this groundbreaking move, AMDA became the only Bachelor of Fine Arts Degree-granting performing arts institution with campuses in both New York and Los Angeles.

More than half a century after its humble beginnings, AMDA is now a thriving, fully accredited institution, offering Professional Conservatory (New York and Los Angeles) and Bachelor of Fine Arts Degrees (Los Angeles) in Acting, Dance Theatre, Music Theatre and Performing Arts. The growth of past decades continues with the ongoing addition of new programs, facilities and resources for our prolific body of students and alumni.

Each year, more than 1,400 students come to AMDA to engage in performing arts in an intensive educational environment under the guidance of a faculty of professional artists and instructors at the leading edge of their respective fields. As we look forward to the next 50 years and beyond, our commitment is to nurture artists who have the skills and drive to launch effective, creative careers that shape the life of our local, national and global communities.

Philosophy and Mission

AMDA provides rigorous, performance-based training and an industry-focused education experience; one that inspires excellence and prepares artists with an appreciation for the universal power of transformation through art. AMDA's educational philosophy is based on close collegial interaction between instructors and students — in class, in production and through active mentorship.

AMDA is committed to providing an unsurpassed performing arts education to a diverse community of creative artists. AMDA serves as both school and stage, where students are given the support and opportunity to define their own personal objectives and to develop and refine their own distinctive artistic voices.

AMDA strives to create an environment for students to develop the skills, confidence, imagination and power to contribute to their community as artists, entrepreneurs, visionaries, lifelong learners and conscientious citizens of the world. Above all, AMDA wants to teach students that commitment and passion are the hallmarks of a successful and joyous career.

Performance Opportunities

Performance is at the heart of AMDA's training and curriculum. Each year, students have more than 150 opportunities to perform in a broad range of settings — from studios and lab theatres to the AMDA Café, Black Box theatre and outdoor stage. These performances include productions of classic plays and musicals, showcases, readings, concerts, film projects and original student creations.

AMDA's programs offer extensive performance opportunities:
The "curtain goes up" more than 150 times a year!

Individual and ensemble performances are an important hallmark of the AMDA experience. Full-length scripted dramas and musicals, unique showcases, original dance and music compositions, student-created theatre and various film projects, provide students a wide array of genres, styles and venues to fulfill their passion for performance. Many performance opportunities are also available "for credit." Specific details regarding registering for credits may be obtained from the Registrar's Office or Production Office. Additional tuition charges may apply.

Please note: Each campus offers its own special collection of performance opportunities; those opportunities may vary each semester.

AMDA's performance categories are summarized below:

Production

Each semester, AMDA mounts a season of productions that may include full-length plays and musicals, anthologies of classic and contemporary works, and/or dance exhibitions featuring original choreographed pieces. Participation is permitted by audition only. Students who are selected or "cast" and approved to participate will commit to a full rehearsal and/or development process designed to culminate in one or more public or private performances.

■ BFA Play and BFA Musical

A fully produced play and musical are offered each semester to BFA students. All BFA students — regardless of semester level or registered program — are eligible to

audition. Students will be cast based on the audition and callback process. Students who are cast ultimately perform sustained characters within the art of a fully realized production. Scenic, costume and lighting designs are created to help establish and fortify the visual world in which the productions' characters exist.

All productions are structured to reflect professional industry-standard ethics and processes. Students will be guided by professional artistic team members who include any or all of the following: Director, Choreographer, Musical Director, Stage Manager, Lighting designer, Costume designer. Dependent on the needs of each production, coaches in combat, dialect or other specialty performance areas may be added to a production's artistic team. The rehearsal and performance schedule involves weekday evenings and select weekends for a process that ranges from 5–13 weeks long.

■ Dance Concert

Dance Concert provides students the opportunity to work with professional choreographers in the development of original works, culminating in theatrical stage performances for selected pieces. Each semester's show is based on a theme; styles may include ballet, modern, jazz, hip-hop, tap, cultural, period and contemporary. The dance works are created by guest artists, faculty and select student choreographers. Dance Concert provides intermediate and advanced level dancers the chance to perform a variety of works that span theatrical, commercial and concert esthetics. All current AMDA students are invited to audition. Within the Concert's development phase, a panel of faculty and creative staff members conduct a screening of all works in process. Based upon the screening, select pieces move forward towards final performances for the AMDA community.

■ Film Performance

Short Film

Unique to the BFA Acting Program curriculum, students write their own individual original short film screenplays for a specific group of actors in the Short Film course. Scripts are between eight and ten pages in length. Writing sessions support and work in harmony with the tenets of acting studied at AMDA. Once the films are written, there will be a selection process and one film per group will be chosen for production. A director, director of photography, gaffer and sound engineer are brought into each film's production process. Students from the Short Film class serve as actors and crews for the films. A screening of the produced films is then presented to the AMDA community.

Final Film Projects

Students in the final semester curriculum of the Professional Conservatory Programs have the opportunity to create works on film. As determined by the instructor, scripts may come from a variety of sources: Original scenes may be crafted by the students or existing scripts may be altered and used to best fit each individual actor. Scenes are shot on preapproved locations on and around the campus. A professional team, which may include the film's director, director of photography, editor, etc., will take the project through the rehearsal, shooting and editing phases, resulting in a screening of the final film projects.

Showcases

■ Division Showcases

Division showcases usually fall in a variety of categories: Musical Showcase, Acting Showcase, Dance Showcase, or Blended Showcase (Showcases highlighting two or more arts divisions). AMDA Showcases are designed to provide students in their final semester of training an original and fully staged production experience. Each showcase is crafted based on the unique and individual cast members assigned as a company. Showcases include a casting process (which may include performers auditioning assigned material, presenting material that they would like to "pitch" for consideration or a combination of both), a rehearsal process, and technical rehearsals (including set, wardrobe, lighting, designers and other artistic team members as needed), all culminating in performances open to public viewing.

Students will be guided by professional artistic team members who include any or all of the following: director, choreographer, musical director, stage manager, lighting designer, costume designer. Dependent on the needs of each showcase, coaches in combat, dialect or other specialty performance areas may be added to a showcase's artistic team. The rehearsal and performance schedule involves weekday evenings and select weekends for a process that ranges from 5–15 weeks long.

■ Industry Showcases

Industry Event

BFA students in their final semester are provided the unique opportunity to perform audition-like samples of monologues, scenes or songs for AMDA-invited industry guests (i.e., casting directors, directors, agents and managers). The content is preapproved by the teacher or director and crafted into one cohesive presentation with attention to pace, flow and highlighting the marketable performance strengths of each performer.

Industry Panel Night

Students in their final semester of the Professional Conservatory Programs have the opportunity to participate in a simulated audition experience. A panel of invited industry professionals (including casting directors, agents and managers) view each student perform material appropriate to their program's primary arts discipline. For example, Integrated students sing a 16-bar monologue and perform a short monologue. Studio students perform two contrasting monologues. Dancers learn and perform a series of dance combinations and may be asked to sing or perform a monologue. Written feedback from the panelists is later provided to each student.

BlackBoxes

■ Black Box: Acting Project, Music Project, Dance Project

Black Box (BB) projects offer students an opportunity to present vibrant and high quality sustained performances as developed through a unique and specially crafted process. It is common for BB Projects to expand casting and/or explore art that is, at times, "non-traditional". For example, actors may be cast without regard for the gender or race of a character as originally written, or may perform material in a context different than the original source material indicates. The rehearsal structure is designed to provide performance opportunities to those students who might have highly demanding work schedules and/or complex outside-of-class obligations.

Students work with professional directors and artistic support staff. The scenic and design elements of BB Projects will be on a smaller scale than other productions; placing even greater emphasis on the performer's work. BB Projects are offered each semester and all students (Certificate and BFA) are eligible to audition.

■ Dance Workshop

Open to students in all programs, Dance Workshop is an opportunity to perform advanced dance choreography in a variety of styles and genres spanning classical, contemporary, Broadway, hip-hop and more. As determined by the workshop's director/choreographer, content may be completely original or recreated from iconic choreographic works.

Readings

■ Staged Readings/Musicals Readings

Readings provide unique and rich experiences for performers. Published works are performed in their entirety without extensive use of props, detailed costuming, complex blocking, or elaborate scenic elements. The use of scripts and/or scores by actors is incorporated within each presentation; this allows for shorter rehearsal processes and mirrors the industry standards for this valuable performance structure. Actors are challenged to create compelling and engaging theatre through insightful interpretations of text, character, and story. This performance opportunity is available to students in all programs.

Artists' Lab

AMDA encourages and supports students in the development of their own creative voice as a writer, producer, director, choreographer, filmmaker and/or performer. The Artists' Lab provides students with a variety of opportunities to create, develop, enact and/or present work through unique creative processes. The Café Series, Finding Your Voice Workshops, Project 15, Student Vision Projects and Raise the Barre are all opportunities available under the umbrella of the Artists' Lab. All Students are eligible to present themselves for consideration; however, participation is competitive and ultimately determined through a defined selection process. The Artists' Lab is the AMDA students' laboratory; a place where students can explore creative impulses and "find their voice."

■ Student Vision Production

A Vision Production is reserved for an upper-semester student or recent graduate who has pitched a project deemed of a high-standard of excellence and worthy of a stand-alone production by AMDA administration and faculty. This is an exciting opportunity for a soon-to-be or recent graduate to develop and stage works within the production environment and assume various roles in preparation for heading out into the industry. A Vision Production is the same process as listed for a Student Vision Project, but receives a higher production value and culminates in one or more standalone performances in front of the AMDA community in one of our black box theatre spaces.

■ Student Vision Project

Student Vision is a unique opportunity to pitch and present original projects based on a bare-bones production plan and vision (full-length plays or musicals, one-act plays, musical recitals, dance productions, staged readings, etc.). Students are required to submit information regarding their proposed fully-realized project. A panel consisting of two or more members of the faculty or administration reviews the submissions and determines which projects moves forward to the interview phase of the process.

Interviews are conducted between each project's student leader and the panel. After all interviews have been conducted the panel makes a final determination regarding which projects have been selected to move forward for further development. At this time, the selected projects are considered as "finalists" and guaranteed development (though not presentation

to an audience). Project leaders then assume the role and responsibilities of producer for their project. A producer guide is provided, outlining all procedures, expectations and deadlines needed to create a project that, if presented, will range from 35 minutes to one-and-a-half hours. All participants assume various duties and responsibilities necessary to fulfill their project's vision. A faculty mentor and production support is provided along the way.

All projects receive final review or screenings by the panel, at which time a comprehensive assessment is made. Based on these final assessments, the panel determines which Student Vision Projects are selected to move forward to presentation. Each project selected for presentation receives a scheduled tech time and two performances in an AMDA black box studio space.

■ Project 15

Project 15 encourages students to develop streamlined 'bare-bones' creative projects that can be presented in their entirety in 30 minutes or less. Any and all creative projects will be considered (one-act plays, musical theatre scenes, comedy sketches, sets of original music, dance works, literary readings, stage combat sequences, etc.) as long as they can be performed in fewer than 30 minutes in the designated studio space. These original or adapted projects must require little to no technical elements: e.g., set, props, special lighting, costumes, etc. All projects will be limited to classroom furniture pieces and students' personal props and costumes. Students are required to submit information about their proposed project in writing. A panel consisting of two or

more members of the faculty or administration then reviews the submissions and determines which projects will move to the next step in the selection process. Interviews with the student producers of the selected projects are then conducted by the panel and a decision is made regarding which projects to select as finalists. Student producers then receive a producer guide outlining all procedures, expectations and deadlines. They receive a faculty mentor and production support along the way. Through this process, students assume various duties and responsibilities related to developing and producing artistic works. Next, screenings are set to view the entire performance-ready project from each finalist. The panel then selects the projects that will be presented; each project receives a scheduled technical time and one performance in an AMDA black box studio space.

■ Finding Your Voice Workshops

A number of workshop offerings are provided each semester, based upon student interest, in subject areas that have included: poetry and spoken word, songwriting, voiceover acting, stand-up comedy, hip-hop dance crew, vocal jazz ensemble, long-form musical improvisation and film/TV projects. These workshops are offered outside of normal class hours and encompass subject matter that is not usually offered within the curriculum. Workshops meet for three hours one time per week over a ten-week period and are open to all current students. Work developed during the process is then presented to the AMDA community in the 11th week in one of the black box studio spaces or the AMDA Café.

■ Performance Workshop: Conception to Production

Under the guidance of an esteemed faculty member, this workshop provides students the opportunity to work collaboratively in the creation of a one-hour theatre production. Students will be responsible for the production's entire development, including conducting auditions, casting, staging, directing and producing.

After the audition process is completed, workshop students will continue to participate as a cohesive ensemble in order to select the cast and material for the production. During the rehearsal process, emphasis is given to concept, exploration, and refinement of all the performances and the manner in which they are presented.

Students are responsible for working within a designated budget. Additionally, students will be responsible for all advertising, reservations, printed material and house management aspects of the production. The culminating workshop project will be performed in an intimate black box theatre setting for the AMDA community.

■ Student Choreography Workshop

Students will develop the ability to work together as an ensemble in presenting a workshop of their choreography. This course will focus on developing leadership skills as

students direct their peers in their own choreography as well as developing production skills such as music editing, costuming, props and stage management. The students will present the work to the public in a studio setting.

■ Dialects

Open to Integrated Program and Studio Program students in their second and third semesters, Dialects class is a study of how to prepare for the performance of stage dialects and accents. Application to dramatic texts, practicing the skills of dialect performance in the appropriate context and phonetic analysis teach the students how to perform dialects and to better prepare for future dialect roles. The class culminates in a final demonstration for Voice Production and Speech faculty.

■ Café Performance

The Café Performance gives students the opportunity to present work from all performing arts genres in an intensely focused "cabaret" setting. The evening consists of individual performance pieces. The criteria for selection are excellent artistic work from the individual performer, duo, or group, which could be in almost any kind of artistic presentation: e.g., playing Bach on the piano, presenting an original monologue, singing a folk song with guitar, presenting a Shakespeare scene, stand-up comedy, a trio from musical theatre, etc. Auditions are scheduled then

conducted and viewed by a panel consisting of two or more members of the faculty and administration. Final selections are emailed and posted on the production bulletin board. Students receive one technical rehearsal in the AMDA Café leading into two back-to-back performances that evening. The Café Performance Series at AMDA is intended to celebrate all the performing arts venues and to give students a regular opportunity to perform in those different genres.

■ **Raise The Barre**

Raise The Barre gives students the opportunity to present dance works of all styles. Whether it is a solo showcasing original choreography or a group performing choreography adapted from a well-known choreographer, the possibilities are endless. Auditions are scheduled and students present performance-ready pieces that are viewed by a panel consisting of two or more members of the faculty and administration. Final selections are emailed and posted on the production bulletin board. Students receive one technical rehearsal leading into two back-to-back performances that evening. Raise the Barre is intended to celebrate dance in all of its forms and to give all students an opportunity to audition works each semester which, upon selection, are then performed for the AMDA community.

Music Intensives

■ **American Opera Laboratory**

The American Opera Laboratory is open to students and alumni recommended by their individual voice teachers who successfully audition. The Opera Laboratory allows singers to explore American opera repertoire by performing scenes and arias in English from selected works by American composers. Examples of these composers include Gershwin, Menotti, Bernstein, Pasatieri and Bolcom. A final demonstration is performed for faculty.

■ **Music Composition**

AMDA's Acting Program also provides numerous opportunities for onstage production and performance experience.

Lower division courses begin with a focus on the actor's imagination and an exploration of his or her inner resources as they relate to the external demands of the craft. Early coursework develops vocal and physical foundations necessary for the professional actor. Training then broadens to include script analysis, dramatic theory and modes of behavior pertaining to various historical periods and relevant performance media. Supplemental course offerings, such as stage combat, improvisation, dialects and dance and movement, to name a few, provide actors with an even broader range for potential career opportunities. Required Critical Studies courses increase the actors' understanding of their worlds, their critical reasoning abilities and their abilities to express themselves effectively as educated and informed artists and citizens.

Upper Division courses build on this foundation, expanding actors' depth of knowledge, skills and instincts through advanced work on classical text, period styles, professional role selection and advanced acting techniques for professional-level monologue and scene application. AMDA's Studio Program also provides various enriching opportunities for onstage performance experience.

The program begins with a focus on the actor's imagination and an exploration of his or her inner resources as they relate to the external demands of the craft. Students are then quickly challenged to apply learned techniques — such as composing a visual and vocal score — to portray rich, believable characters. In the final semester, coursework is focused on industry and career preparation, including an original showcase production experience. Each showcase is crafted based on the unique and individual cast members assigned as a company. This specialized fourth-semester curriculum prepares actors to enter the performing industry with skill, confidence and a professional work ethic.

Admissions

Admissions Procedures and Requirements

AMDA seeks students whose talent and commitment to excellence promise future achievement in their chosen area of study. AMDA welcomes those students who qualify academically, who demonstrate physical and emotional capacity for collegiate work, who accept the purposes and standards of AMDA and who would benefit from an education in the performing arts. AMDA admits students of any race, color, nationality or ethnic origin to all the rights, privileges, programs and activities generally accorded or made available to students at the School. It does not discriminate on the basis of gender, sexual orientation, religion, age, disability, race, color, or national or ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs and other school-administered programs.

Admissions Standards

All matriculating students must have received a high school diploma or completed a General Education Development test (GED). A grade point average (GPA) of 2.0 or above is expected. AMDA evaluates each candidate individually, and acceptance into the program is based on a completed application, audition, personal interview, academic qualifications, essay responses and overall readiness to benefit from the program.

Application Deadlines

A rolling admission policy applies to the application and selection proceedings for all of AMDA's programs. Rolling admissions means that applications are no longer restricted to pre-determined application periods but can be submitted over a longer period of several months. Candidates may pursue admission in the Fall, Spring or Summer terms. The advantage for potential students is the opportunity to apply early and secure a place in the AMDA program of their choice.

Application Process

Students interested in applying should request materials by contacting AMDA. All materials submitted for admission or transfer credit become the property of AMDA and cannot be copied, returned to the applicant or forwarded to other institutions. Those in need of financial aid should file a FAFSA for priority awarding. See the Costs and Financial Aid section for additional information.

Steps to Apply

The following process is used for reviewing applications to AMDA. Students are encouraged to use this listing as a guide or checklist for completing the steps of the admission process:

1. **Complete Application:** Students may apply online or download an application. Please see amda.edu or contact the Admissions Department to request an application by mail.
2. **Print and Mail Signature Page:** Print and complete the Signature Page in the Application for Admission. Mail signed Signature Page to the AMDA campus where the student plans to study.
3. **Pay Application Fee:** The nonrefundable application reviewing fee is payable in US funds only. Online applicants may pay via credit or debit card. Checks (payable to The American Musical and Dramatic Academy) may be submitted with written applications.
4. **Submit Application Essays:** Applicants must submit responses to three essay questions. Application essays can be submitted online when the application is completed or mailed to the AMDA campus where the applicant plans to begin studying. Essay forms can be downloaded at amda.edu/admissions/how-to-apply.
5. **Provide Letters of Recommendation:** Applicants must provide two letters of recommendation from individuals familiar with their work and potential as an actor, singer or dancer (such as teachers, directors or guidance counselors). Applicants may download Recommendation Forms at amda.edu/admissions/how-to-apply. Complete the upper portion of each form and give a form to each reference. References should mail the completed forms to the AMDA campus where the applicant plans to begin studying.

6. **Provide Official Transcripts (as applicable)**
 - **Current High School Students:** Provide an official high school transcript with the official school seal.
 - **After High School Graduation:** Provide the final official transcript with school seal. The transcript should show the courses taken, graduation date and cumulative GPA.
 - **Post-Secondary Colleges and Universities:** Provide official transcripts with the school seal showing dates of attendance, courses taken, grades and cumulative GPA.
7. **Audition for Admission:** Applicants must audition for admission to AMDA. Appointments are required for auditions, which are held on our campuses, throughout the United States and abroad. Schedule an audition at amda.edu/auditions. Please note the following criteria by program:

Audition Requirements for Acting and Music Theatre

Acting and Music Theatre audition performances should not exceed four minutes in total. Monologues should be from published plays. Original material may not be used. A chair will be available for use during the audition, but no additional props or set pieces are permitted.

- **Acting Students:** The performance of two contrasting monologues: one classical and one contemporary; or two contemporary (each being no more than two minutes in length).
- **Music Theatre Students:** The performance of one two-minute monologue (Contemporary or Classical) and two minutes or 32 bars of a song from the musical theatre or classical repertoire. Applicants are required to bring sheet music in their key to the audition and should be prepared to meet with an accompanist provided by AMDA. Please indicate on your sheet music the points at which you start and end your song.

Audition Requirements for Acting or Music Theatre

Applicants will be asked to present a solo dance piece 60–90 seconds in length. The piece may include: Ballet, Modern, Jazz, and/or Contemporary dance styles, and should demonstrate an intermediate or advanced level of technique. Applicants may bring a second piece to show proficiency in an alternate specialty dance style of their choice, such as Hip-hop, Tap, Ballroom or cultural dance. Applicants may also be asked to demonstrate ballet vocabulary or perform a piece of choreography as part of the audition. To be fully prepared, please bring all appropriate dance shoes and attire. Applicants must provide music accompaniment for their solo piece on an MP3 player (phones may be used, but

must be placed in “do not disturb” or “airplane” mode). Speakers are provided by AMDA.

Because AMDA’s Dance Theatre Conservatory and BFA programs are interdisciplinary, applicants are encouraged to prepare a song or monologue in addition to dance pieces. This allows adjudicators to consider applicants for admission to other AMDA programs. Applicants should prepare one of the following:

1. a 60–90 second monologue (contemporary or classical) from a published play
2. 32 bars of a song from the musical theatre or classical repertoire

Please bring sheet music in your key to the audition. AMDA will provide a professional accompanist.

English Language Proficiency Requirement

Students whose first language is not English will need to demonstrate English proficiency in order to study at AMDA. AMDA does not provide English language training or English as a second language courses.

There are three ways to fulfill the English language proficiency requirements:

1. **English Proficiency Test:** Students may meet the English proficiency requirement by taking the Test of English as a Foreign Language (TOEFL) or International English Testing Service (IELTS) exams.

TOEFL Minimum Score Requirements

- **Paper-Based TOEFL**, overall exam score = 500
- **Internet-Based TOEFL**
Conservatory candidates, overall exam score = 61
BFA candidates, overall exam score = 79

Students taking either the paper or Internet-based TOEFL must request that an official score report be sent to AMDA directly from Educational Testing Service (ETS). Photocopies and score reports submitted by the student or other institutions are not acceptable.

IELTS Minimum Score Requirements

- Overall Band Score = 6.5

Students taking the IELTS (academic format) must provide a Test Report Form (TRF) as proof of meeting the minimum score requirements. Verification is obtained through the IELTS Test Report Form Verification Service to confirm that the information given matches IELTS official records.

2. **For first-time freshmen only:** A minimum score of 1100 on the Critical Reading & Math sections of the SAT.
3. **Prior studies in English:** English proficiency may be demonstrated by verifying that prior studies (secondary school or post-secondary) were conducted in English. All of the following must be verified:
 - Completed at least four years of full-time study without ESL support or classes in the United States or other nations where English is an official language.
 - Studies in English ended no more than two years before applying to AMDA.
 - The language of instruction was English.

To verify these points, academic transcripts must be provided, along with an official letter from the institution stating that the language of instruction was English. Please note that AMDA does *not* waive proficiency testing requirement for students who have attended an English-speaking school in a non-English speaking country.

Notification and Acceptance of Admission

Admissions decisions are based on a very careful, overall assessment of each student's academic preparation and performance as well as the additional information provided in the application, based on the primary and secondary review factors. Although the strongest consideration is given to primary factors, no single component is the deciding factor.

Students who have applied for admission will receive a letter notifying them of their eligibility soon after all relevant information and documents are on file in the proper admissions office. Meeting admissions requirements does not guarantee admission. Students who do not qualify for regular admission will be evaluated on an individual basis by the Admissions Selection Committee, using various criteria in addition to the provided academic information. (See admissions counselor for details.) Notification of acceptance or denial will be sent once the decision is made.

After the student has been notified of acceptance, the following steps should be taken:

1. **Review all Documents Prior to Signing:** Prospective students are encouraged to review all AMDA publications (catalogs and handbooks) prior to signing an enrollment agreement with AMDA.
2. **Review, sign and return the following to AMDA:**
 - Acceptance of Admittance Form
 - Enrollment Agreement (Los Angeles)
 - Withdrawal Policy Acknowledgment Form (New York)
3. **Tuition Deposit Required:** New students must submit a \$500 tuition deposit as an indication of intent to enroll. This deposit will ensure registration of the new student and is applied toward tuition costs.
4. **Housing Deposit Required:** Students who plan to live in campus housing must submit a \$200 room reservation deposit. This deposit will reserve a slot in campus housing and is applied toward housing costs.
5. **Final Transcripts Required:** Applicants must send final official transcripts of work completed subsequent to the time of application to the Registrar's Office.

Additional note for prospective students at the AMDA Los Angeles Campus: Based on the State of California school approval requirements, as a prospective student, you are encouraged to review this catalog prior to signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you prior to signing an Enrollment Agreement. These documents can be downloaded from amda.edu.

Admissions Appeal Process

Applicants may appeal admissions decisions by letter or email to the Director of Admissions. Appeals are ordinarily filed in order to present compelling new academic information not previously included in their application or extenuating personal circumstances they feel warrant another review of the application. Each appeal is reviewed individually.

All appeals are reviewed on a case-by-case basis. Decisions are based on a careful assessment of applicants' academic interests and additional information provided in the appeal.

Appeals must be received within 30 days of the notification of denial. Clearly state reasons for appealing the decision and include significant information not included in the original application. Applicants may expect a response within 30 days of receipt of the appeal and supporting materials.

Deferral of Admission

AMDA recognizes that some applicants encounter unique personal circumstances that represent legitimate reasons for requesting a deferral of admission. AMDA grants limited deferrals for a maximum of one year at its discretion only in highly exceptional cases. All conditions must be satisfied before a deferral will be granted. For more information, contact the Admissions Department.

Re-Application Process

Applicants who are denied or decline admission may re-apply. Re-Application is not automatic and is subject to the policies, admission requirements and other factors in place at the time of re-application. Required documentation may vary. Please refer to amda.edu for additional information.

Readmission Process

Former AMDA students who have not enrolled within three semesters after withdrawal must be approved via the Readmission Process in order to resume studies at AMDA. Course registration for the semester of their return is available only after readmission has been approved and formalized.

■ Steps for Consideration of Readmission

1. Complete the "Application for Readmission," available on amda.edu.
2. Provide a detailed request for readmission that addresses all of the following:
 - reasons for leaving AMDA
 - how the student has spent his or her time away from AMDA (e.g., coursework at another institution, employment, volunteer work, etc.)
 - reasons for wanting to resume studies at AMDA and confirmation of plans to return as a part-time or full-time student.
3. Provide applicable official transcripts for any coursework completed while away from AMDA
4. Students who withdrew for medical reasons must provide a statement from a health care professional. This must include detailed information regarding the status of their health as it relates to re-engaging in a rigorous curriculum and returning to normal, unrestricted activity.

Documentation should be addressed to the attention of the Education Department and submitted via email, regular mail or fax. Applications and all accompanying documentation must be received one month prior to the start of the semester. Incomplete or missing information may delay readmission.

Students will receive an official letter from the Education Department stating approval or denial of readmission following a thorough review by all applicable AMDA Departments, including Student Accounts, Financial Aid and Housing.

Payment of Account

■ Means of Payment

Financial Aid: A student may apply for financial aid (i.e., grants, scholarships and loans) through the Financial Aid Department. See the Financial Aid section.

Outside Assistance: Students who participate in outside assistance programs (i.e., Department of Veterans Affairs, student reimbursement programs, etc.) should contact a staff member in the Student Accounts Department as soon as possible to ensure that the student's account is correct and up to date.

Personal Funds: Costs not covered by financial aid or outside assistance are the responsibility of the student. AMDA expenses may be paid in installments throughout the course of the program. See the Payment Plan section below. Students needing additional assistance may use federal, private and personal loans to cover any remaining balance.

Payment Options

Pay in Full: Full payment is due prior to the beginning of each semester. For further information regarding payment dates, contact Student Accounts.

Payment Plan: Two payment plan options are available for students. These options include:

1. **Standard Four-Payment Plan**
Four scheduled payments at 0% interest. Two payments are collected before the semester begins and two payments before the next semester begins.
2. **Extended Payment Plan**
This option allows payment over an eight-month period. There is a \$295 processing fee, which may be waived under certain conditions. Students should contact the Financial Aid Department to use this option.

Monthly payments reflect the total balance remaining after subtracting pending aid and approved loans. Because the account balance can change, it is students' responsibility to check their account regularly.

Students are expected to make on time payments (as detailed on their payment plan). Students who do not meet the payment deadlines may be assessed a late payment fee. A hold may be placed on a student's account for past due balances. This hold will prevent students from accessing

services such as registration, ordering transcripts and receiving their diploma or certificate.

Billing statements are issued to students with balances on a monthly basis and are mailed to the billing address on record. Statements can be generated upon request by contacting a Student Accounts staff member. The payment plan is a legal agreement between AMDA and the student (or the parent if the student is under 18 years of age). Contact Student Accounts with questions.

Requirements for Student Account Balances

- Accounts must remain in good standing.
- Payments must be made in full by the first of each scheduled month and are considered late when received after stated deadlines. Late fees are charged for late, missed and partial payments.
- All financial aid paperwork must be submitted prior to the first payment installment due date to avoid a late fee.
- Students will not be allowed to register or make course changes for future semesters until the previous semester balance is resolved.
- Monthly balances are automatically recalculated to reflect any additional charges and fees (such as library fines, changes in tuition or housing, etc.).

How to Set Up a Payment Plan

Payment plans are set up by contacting the Financial Aid Department. All payment plans must be reviewed and accepted by the student via the Student Portal.

■ Method of Payment

Payment must be made in US funds by cash, check or major credit card. Payments can be made online through the Online Payment Center at amda.edu/payments or via bank wire.

Payments can also be mailed to the main campus, paid in person or over the telephone using a credit or debit card. AMDA does not recommend mailing cash payments.

■ Returned Check Policy

A \$25 fee is applied to a student's account if a student's check is returned for nonsufficient funds. AMDA reserves the right to decline personal checks from people who have written NSF checks. AMDA reserves the right to place a hold on student records for nonpayment or balances on an account, including NSF fees.

Refund of Overpayment on Student Account

Credit balances resulting from financial aid disbursements will be refunded to the student. Upon request by the student, Title IV funds may be kept in the student's account to be applied to future balances. Credit balances generated by a Federal Direct Parent PLUS Loan will be issued to the parent borrower unless written authorization is received prior to the stipend being processed. Credit balances resulting from out-of-pocket overpayments will be refunded once a written request is received by the Student Accounts Department.

If the account was partially or fully paid by a third party (i.e., employer assistance or private scholarship), the refund to the student or parent borrower will not exceed the amount paid by the student. Credit balances over the amount the student paid are refunded to the third party.

Refund Policies And Procedures

■ Student's Right to Cancel

Incoming and readmitted students, may cancel the enrollment agreement and receive a refund of charges paid through attendance at the first class session, or the seventh day after enrollment (whichever is later) by providing a written notice to the Director of Education Services, The

American Musical and Dramatic Academy, 6305 Yucca Street, Los Angeles, CA 90028. This notice may be provided by mail, email, hand delivery, or fax. If sent by mail (properly addressed with postage prepaid), the written notice of cancellation is effective as of the date of the postmark. The written notice of cancellation need not take any particular form and is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement.

■ Tuition Refund Information

Students who withdraw from the institution after instruction has started will receive a prorated refund for unused portions of the tuition and other refundable charges provided they have completed 60% or less of the instruction. If the school cancels or discontinues a course or program, the school will make a full refund of all charges. Refunds are paid within 45 days of cancellation or withdrawal. Return of federal funds is administered in accordance with United States Department of Education regulations. Students who received federal financial aid will be entitled to a refund of monies not paid from federal student financial aid program funds.

The amount of the refund shall be the amount paid for instruction multiplied by a percentage based on the number of weeks attended, less the \$50 nonrefundable application fee.

Students who withdraw after completing the ninth week of the course (more than 60% of the course) will not be eligible for a refund. The percentage of tuition to be charged is determined by the week of the withdrawal, as outlined below.

California Students: Student Tuition Recovery Fund

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or are enrolled in a residency program attending certain schools regulated by the Bureau for Private Postsecondary Education.

You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
3. The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other costs.
4. There was a material failure to comply with the Act or the Division within 30-days before the school closed or, if the material failure began earlier than 30-days prior to closure, the period determined by the Bureau.
5. An inability after diligent efforts to prosecute, prove,

and collect on a judgment against the institution for a violation of the Act.

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all of part of your tuition either by cash, guaranteed student loans, or personal loans, and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment if either of the following applies:

1. You are not a California resident, or are not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

■ Student Account Policy Appeals

Appeals of student account policies may be made in writing to the Student Accounts Department. All financial appeals are reviewed by the Student Accounts Appeals Committee. Students are notified in writing once a decision is made.

Financial Aid

General Information

The mission of the Financial Aid Department is to offer a comprehensive financial aid program that attempts to meet the financial needs of all AMDA students. The office utilizes aid programs from all sources for which students are believed to be eligible. In addition, this office uses these programs in ways to assist students in achieving a quality education by supporting their academic and vocational objectives. The office maintains the following goals:

- To seek funding for students from as many sources as possible.
- To provide guidance in the application process.
- To represent the needs of AMDA students who have documented financial need, especially those who are first generation in higher education.
- To provide financial aid counseling for students and their families.
- To provide money management guidance.
- To provide accurate and clear consumer information regarding financial aid at AMDA.
- To ensure good stewardship of financial aid funds.
- To provide the AMDA administration with the information it needs to make informed decisions about financial aid funding for AMDA students.
- To maximize financial aid available to AMDA students within the limits of each source of funding.

Types of Funding

AMDA participates in federal and state financial aid programs, as well as awarding millions of dollars in institutional scholarships and grants to students each year. All students are encouraged to apply for assistance. In compliance with all applicable federal regulations, financial aid is awarded without discrimination due to race, nationality, disability or sex. Major forms of financial aid include gift aid (grants and scholarships) and self-help aid (loans and work). Financial aid packages can combine institutional, federal, state and private funding programs.

AMDA offers three basic types of financial aid:

1. Scholarships and grants, which do not have to be repaid.
2. Loans, which must be repaid.
3. Employment, which must be earned.

Most grants, loans and employment opportunities are awarded on the basis of a combination of scholastic or other achievement and demonstrated financial need.

AMDA Scholarships and Grants

AMDA offers several institutional scholarships and grants to help students cover the cost of their education. These range from single-year grants and one-time aid packages to recurring aid options that can be reapplied for throughout a student's educational career. Eligibility for these awards is determined by specific academic, personal or professional criteria.

While the supply of scholarships and grants is limited, students should always consider these financial aid options as a great way to subsidize the cost of their education without having to incur long-term debt. Below is a complete list of AMDA financial aid programs and eligibility criteria. For additional information, please visit amda.edu.

AMDA Scholarships

Institutionally funded, merit-based awards given to students based on the results of the audition and application process. Criteria: Eligibility is determined at the initial audition and application during the first year admission process.

AMDA Grants

Institutionally funded, need-based awards are given to students based on their FAFSA results. Criteria: Financial need, submitted FAFSA.

AMDA First Year Summer Grant

Institutionally funded, need-based awards are given to students who begin study during the summer semester. Criteria: Financial need, based on results from the FAFSA.

Federal Grants and Work Study

Pell Grant

Pell Grant is a federal program intended to assist undergraduate students demonstrating significant financial need to gain access to higher education. Awards are based on financial need and may be used only for a course of study that culminates in a first undergraduate degree. Pell Grant determination is based on eligibility as determined by the FAFSA. The FAFSA can be completed online at fafsa.ed.gov.

Supplemental Educational Opportunity Grant (SEOG)

SEOG is a federally sponsored program also designed to assist students pursuing their first undergraduate degree. Awards are based on financial need and availability. This program is administered through the Financial Aid Department. Funds are limited and awarded until exhausted.

■ Federal Work Study (FWS)

Federal Work Study is a federally sponsored employment program — awarded through student employment at AMDA — that enables students to gain employment experience while earning a portion of their financial aid. The Student Services Division is responsible for coordinating on-campus jobs. Students may work no more than 20 hours per week during regular school sessions. Federal work study funds are available only to students who demonstrate financial need and have completed student employment hours. Scheduling conflicts and other problems may make employment an impractical alternative.

State Grants

■ Cal Grant

Cal Grant is a California state-funded program intended to make higher education accessible for California residents that is administered through the California Student Aid Commission (CSAC). Eligibility is determined by CSAC based on a combination of merit and financial need. More awarding and eligibility information can be found at the following website: <https://mygrantinfo.csac.ca.gov/>

■ Other State Grant Programs

Although most state grant programs require students to attend a school within their particular state, there are several which allow students to attend schools outside their state of residence. All applicants are encouraged to explore their home state grant guidelines. AMDA will accept state grant funds from any state that allows out-of-state schools to participate.

Loans

A loan is a type of financial aid that must be repaid. Loan funds are intended to assist a student in educational expenses only. A student should consider their future loan debt and ability to repay before they commit to borrowing. To make sure that all students borrowing federal loan funds fully understand their rights and responsibilities, they are required to submit the Federal Stafford Loan Master Promissory Note and Entrance Counseling.

The Federal Direct Stafford Loan: available to US citizens or permanent residents. In this federal program, students may borrow \$5,500 to \$20,500 per year, depending on class level and dependency status. Repayment begins after the student ceases at least half-time enrollment.

Stafford Loans may be either:

- Subsidized Stafford Loan: for undergraduate students who demonstrate financial need. Interest does not accrue while the student is enrolled at least half-time. Students must complete a FAFSA and verification, if selected, to be eligible for this loan.
- Unsubsidized Stafford Loan: for undergraduates with or without financial need. Interest begins to accumulate upon disbursement of the loan. Student must complete a FAFSA to be eligible for this loan.

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund. If the student receives federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal financial aid funds.

■ PLUS Loans

PLUS loans are available to parents of dependent undergraduate students. Qualified parents may borrow up to the cost of education minus financial aid per academic year. This program is not based on financial need, however all borrowers must meet certain credit standards set by the US Department of Education. These loans are subject to origination fees. Repayment begins 60 days following the full disbursement of the loan, but can be deferred while the student is in school and up to 60 days after leaving school. Depending on the repayment plan, the borrower may be allowed from 10 to 25 years to repay the loan with a minimum \$600 annual repayment. Students are required to complete a FAFSA to be considered. It is recommended to consider Federal Stafford Loans before pursuing this type of loan.

■ Alternative and Private Loans

Alternative Loans, also called private loans, should be the student's last course of action after any federal loan eligibility is exhausted. These loans usually have variable interest rates and do not offer the same repayment options as federal loans. AMDA does not maintain a preferred lender list and cannot recommend a specific lender. However, we do recommend resources to help students make an educated decision, such as our historic lender list, which can be found at amda.edu/altloans. Students should contact the Financial Aid Department before seeking alternative loans to ensure all options have been considered. It is recommended that students complete a FAFSA to be considered for the Stafford Loans before pursuing this type of loan.

All Federal loans require completion of entrance counseling (prior to the first disbursement) providing comprehensive information on the terms, conditions and the responsibilities of

the borrower. A signed master promissory note is also required, serving as the document outlining the requirements for repayment. Subsequently, loan information will be submitted to the National Student Loan Data System (NSLDS) and will be accessible by guaranty agencies, lenders and schools determined to be authorized users of the data system.

Other Aid Programs

■ Military and Veterans Benefits

AMDA is approved by the Department of Veterans Affairs (VA) for the education of veterans, active duty personnel, reservists and eligible dependents under current law. Benefit programs for veterans through the VA include: Chapter 30 (Montgomery GI Bill), Chapter 31 (Vocational Rehabilitation), Chapter 33 (Post-9/11 GI Bill and the Yellow Ribbon Program), Chapter 35 (Survivors and Dependents Assistance), Chapter 1606 (Montgomery GI Bill Selected Reserve or MGIB-SR) and Chapter 1607 (Reserve Educational Assistance or REAP). Eligibility for Veterans Benefits is determined and must be verified by the Department of Veterans Affairs. More information is located at ebenefits.va.gov.

Scholarships and Grants for International Students

Based on regulatory guidelines, international students are not eligible for any scholarships, grants, or loans which are subsidized by the U.S. government. However, international students may be eligible for scholarships funded directly by AMDA. AMDA offers internal awards specifically for high academically achieving and financially needy international applicants. Please check with an admissions representative to determine if there are any special international student scholarships or grants available.

Students who are not US citizens should investigate which scholarships outside of AMDA may be available. For nonimmigrant alien students already within the United States, the best source for obtaining detailed descriptions and requirements of available monies is at a local library. Search engines designed to help students facilitate the process with online applications (such as FASTWEB (fastweb.com), the Institute of International Education, (iie.org), NAFSA: Association of International Educators (nafsa.org) and Rotary International (rotary.org) may also be useful in identifying scholarship opportunities.

Application Process

All financial aid applicants must be accepted for admission to an educational program at AMDA as a precondition for financial aid eligibility.

Students who are US citizens or US permanent residents are encouraged to complete a Free Application for Federal Student Aid (FAFSA) online at fafsa.gov. The FAFSA provides the information needed to determine a student's financial need. Need is determined by calculating the difference between a student's cost of attendance and the expected family contribution.

A new FAFSA application must be filed for each award year a student attends AMDA. The information contained in the FAFSA and other required documentation is confidential. Access to this information is governed by the terms of the Family Educational Rights and Privacy Act (FERPA) of 1974.

Additional information can be found on the AMDA website at amda.edu/finaid. The AMDA school code is 016082.

■ Verification

The US Department of Education may select a student's FAFSA for verification. A verification form, copies of federal tax transcripts, as well as other documentation may be required to be submitted to the Financial Aid Department. Upon submission of the FAFSA, the FAFSA confirmation page and the FAFSA Student Aid Report, will first tell students if they are selected for verification. If requested documents are not submitted, federal and state funds cannot be released to the student.

■ Deadlines

All documentation required to complete processing of financial aid is due by the stated deadlines. Required documentation not submitted may result in a denial of awarded aid. Students may still apply for aid or submit documentation; however, once denied, aid may be re-awarded dependent upon availability of funding.

■ Selective Service Requirement

Federal regulation requires all male students from the ages of 18 to 25 to register for Selective Service as a condition of financial aid eligibility. Students who have not registered for Selective Service or are unwilling to provide documentation to verify compliance are not eligible to participate in federal financial aid programs. Students who feel they should be exempt from registration must contact Selective Service directly. Contact information can be

found at sss.gov. Additional paperwork may be required for students over the age of 25 who have never registered with Selective Service.

Award Processing

Students will receive a financial aid award letter after application requirements have been completed. The award letter will list the type and amount of assistance for which the student is eligible. The award letter is an estimate of funding and is contingent upon final notification from funding sources and verification of the information reported on the FAFSA.

Average Processing Timeline	
FAFSA processing	1-2 weeks
Award determination and notification	1-3 weeks
Loan processing	1-4 weeks

Applicants need to allow the Financial Aid Department sufficient time to properly process financial aid for each student. The student may shorten the processing time by responding to all correspondence and submitting requested documents as quickly as possible. The goal is to have all financial aid work completed prior to registration. The Financial Aid Department is happy to

help throughout the financial aid process, but it is the student's responsibility to submit all requested paperwork promptly in order to have financial aid arrive in a timely manner.

■ Coordination of Aid

It is the responsibility of the Financial Aid Department to coordinate all aid resources awarded to each student. When need-based funds are a component of the student's financial aid award package, care must be taken to ensure that total aid awarded does not exceed each student's need. When total aid exceeds need, an over-award exists. In these situations the aid package will be reviewed and appropriate reductions will be made to eliminate the over-award. Care is always taken to retain as much of the original aid package as possible.

Satisfactory Academic Progress (SAP)

The receipt of financial aid is a privilege that creates both rights and obligations. The US Department of Education requires every postsecondary institution receiving federal funds (Title IV) to have an academic progress policy to determine eligibility for and continued receipt of federal funds. Title IV federal funds affected by this policy include the following programs: Pell Grant, SEOG, College Work-Study, PLUS Loans and Stafford Student Loans. AMDA's Satisfactory Academic Progress policy, which meets the requirements of federal and state agencies, is in the Academic Standards section on page 101 of this Catalog.

Academic and Student Services

New Student Orientation

In order to help make the transition to AMDA a happy and effective one, the Student Life Office organizes several orientation activities for students. These activities, held prior to the beginning of classes, are designed to help first-year students, transfer students and Conservatory graduates entering the BFA Program become acquainted with AMDA, program coordinators, mentors, advisors and classmates. Since the orientation program is key to the successful transition to AMDA, participation is required.

Academic Program Advising

The AMDA advising system is designed to provide students with guidance and mentoring as they plan their curriculum, engage in their major field of study and prepare for their professional lives. Building a good advising or mentoring relationship requires commitment from all involved persons.

AMDA's faculty is committed to students' academic and professional development. By virtue of their commitment to and close interaction with students, the faculty is best positioned to understand their students' potential and needs, and how to best cultivate the students' academic and professional promise. At AMDA, faculty advising and mentoring is an integral part of teaching.

Program advisors will provide academic counseling to students for the duration of their program. This academic counseling ensures that the student completes only coursework that will be applicable toward the degree or certificate. For further information regarding academic program advising and mentoring, please contact the Education Department.

Academic Support

Academic Support is the place where students can develop their abilities to meet the challenges of academic life. Assigned tutors work with each student's unique needs and talents to help them grow academically. AMDA provides a variety of services free of charge to students, including writing feedback across the curriculum, general education tutoring, academic coaching, etc. See the Education Department for other possibilities regarding opportunities for academic support.

Writing: Students may work with a tutor on a paper from

any subject area as many times as needed in all stages of the writing process. The emphasis of writing tutoring is on revision, which addresses large-scale issues, such as the development of a clear controlling idea, and the fluency, organization and development of ideas. Tutors can address issues related to grammar, punctuation and spelling, but do so with the goal of teaching writers to correct their own work. Tutoring sessions for writing are generally 50 minutes and are available by drop-in and by appointment.

General Education and Elective Subjects: Tutoring support for general education courses and elective subjects in response to student needs is offered on an as-needed basis. General education subject tutoring allows students to process course content in a manner that is sensitive to each student's learning style and through the use of alternative learning methods. Tutoring sessions are generally 50 minutes and are available by appointment.

Library Resources

The AMDA Library is an innovative partner in the pursuit of academic excellence for the AMDA community and a leader in dynamic performing arts information services. The library provides a welcoming facility that supports students, alumni, faculty and staff in their academic, artistic and professional goals by providing enhanced access to organized performing arts collections and instructional resources, promoting local cultural events and activities, providing free or discounted access to live theatrical and premier cinematic performances and assisting in individual professional development. The library is a vital cultural resource for the AMDA community that fosters collaboration among students, alumni, faculty and staff in the pursuit of artistic development and scholarly activity of the highest quality.

The combined AMDA Performing Arts Libraries in Los Angeles and New York house an extensive collection of performing arts materials, including over 75,000 individual pieces of sheet music, 6,000 play scripts, nearly 1,000 piano and vocal scores, 800 songbooks, 900 musical librettos, 300 screenplays, 2,000 audio recordings, 2,000 video recordings and numerous source materials, biographies, autobiographies, reference sources and additional research materials.

The Library offers a quiet reading room, access to audio and video stations, computers with printer access, a wireless internet connection and a copy machine. All performing

arts materials are easily accessible and are housed either in the main Library or in the Library Archive. Instructional materials are available to support faculty curriculum development and research for all disciplines. Alumni are granted access to the Library to support their career development, creative projects and research.

All Library patrons must have a valid AMDA ID card to access the Library collections. Questions regarding collection organization and access should be directed to the library staff. Personal tours and orientation sessions are available upon request.

Residence Life and Housing

AMDA believes that residence facilities provide an educational benefit to students. The experience of living and participating in campus housing challenges students to learn and live in a diverse environment. Students must agree to comply with all housing policies by completing and submitting a signed Housing License by published deadlines. Students must also abide by AMDA's Code of Conduct as detailed in the Student Handbook.

Career Services Center

The mission of AMDA's Career Services is to provide all-inclusive services that promote excellence in career development, preparation and professional opportunities for undergraduate and conservatory alumni. We encourage strong partnerships with employers and provide graduates the opportunity to receive counseling in their field of study.

Our vision is to educate AMDA graduates on the entire breadth of employment opportunities within the performing arts field. We want to ensure that they have an understanding of how their training, education and experience relates to various career opportunities to enhance their employment prospects.

Current AMDA career counseling includes:

- Résumé review, editing and preparation
- Interview preparation
- Employment search guidance and information
- Application instruction
- Job search strategies
- Career Services meets with current semester graduates every semester to inform them of these lifetime benefits. In addition, Career Services hosts workshops

for AMDA graduates in New York and Los Angeles. These workshops instruct alumni on current job market trends and employment strategies.

All students will benefit from career services. To learn more about the center's services, visit the website at amda.edu/alumni/career-services/

Services for Students with Disabilities

AMDA is committed to providing the best education possible to all students. To this end, the Education Department works with students under the Americans with Disabilities Act of 2008 (ADA) to ensure that students with unique needs have equal access to all educational experiences. Physical accommodations in classroom and lab space, modifications of classroom presentation and modifications in testing and course requirements are all ways to provide access to students with disabilities.

The Education Department coordinates services for students with disabilities. We encourage students with disabilities to contact the Education Department to discuss academic and other needs before the beginning of their first semester or as soon as they are diagnosed with a disability. Once documentation is on file, arrangements for reasonable accommodations can be made. Students who choose not to self-identify when they enter AMDA do not forfeit their right to request and receive services later. However, AMDA is not obligated to provide accommodations and services for students with disabilities until the student registers with AMDA. The full policy and guidelines may be found in the AMDA Student Handbook.

International Student Services

The Office of International Student Services is committed to providing high-quality service and support to help international students achieve academic and personal success throughout their experience at AMDA. International Student Services assists with visa and immigration processes and compliance, provides referrals to resources, and serves as an advocate for international students. For more information regarding services, please see an International Student Advisor.

Student Activities

Student Activities provides exposure to and involvement in a variety of social, cultural and recreational opportunities. Students are highly encouraged to participate in the valuable programs and activities that are offered throughout the year.

Information Technology Resources and Services

■ Computer Labs

For students without a computer, several computer laboratories are located throughout the campus. Using Windows equipment, students can access word processing, spreadsheet, database, languages and other software for their use in classwork, research and writing as well as email and the Internet. There are also computers for general use in the library. Other labs are available but are often reserved for specific programs, teaching or class use.

■ Network Access

The AMDA data network consists of high-speed data connections and wireless access throughout most of the campus. On-campus residences have network access in every room, however, some access is solely wireless. Some wireless cards may not be strong enough to work with our network. All computers connected to AMDA's network are required to have up-to-date security patches and antivirus protection.

All students have Internet access from any computer connected to the AMDA network. Internet access is filtered based on content; network access is filtered for illegal media files. Downloading or sharing of illegal media (music, video, etc.), software and other protected files and data is forbidden.

Users of AMDA's networks are expected to abide by all state and federal laws and regulations and the behavioral standards of the AMDA community. Please read AMDA's Acceptable Use of Technology policy before connecting a computer to the AMDA network (including wireless). Internet access priority is given to academic and business functions.

■ AMDA Student Portal and Email

New students receive IT information containing login and access for the Student Portal and their AMDA email. The portal, portal.amda.edu, houses academic (schedule, grades, class cancellations and make-ups), financial (billing and financial aid) information, school announcements and documents. It is the student's responsibility to check the portal daily.

Each student is provided with an @amda.edu email address (which can be forwarded to personal email accounts) as the official method for communicating deadlines and other important information. Students are required to check their AMDA email on a regular basis.

Overview of AMDA Administrative, Educational and Service Departments

Students are encouraged to acquaint themselves with the departments and staff members who assist in fostering a productive experience at AMDA. Students are welcome to make an appointment to meet with any staff member; all departments may be contacted by calling the main campus phone number or by visiting Reception.

■ Admissions Department

Students may already be familiar with some of the Admissions Department staff. The department is responsible for new student recruitment and outreach, providing admissions information to prospects, administering auditions, processing applications and providing guidance to applicants. The Admissions Department is also available to answer questions about the Bachelor of Fine Arts Programs at the AMDA Los Angeles campus.

■ Alumni Services Office

Alumni Services maintains contact with the school's approximately 6,000 graduates. Frequent alumni e-blasts help keep alumni informed of AMDA activities. Spotlight magazine keeps alumni, current students and faculty — as well as the entire AMDA community — informed of the amazing accomplishments of our graduates. Activities and news involving AMDA alumni should be sent to the Alumni Services Office at Alumniservices@amda.edu.

■ Education Department

The Education Department supervises and coordinates academic programs at AMDA. The staff is available to answer questions and concerns regarding classes, schedules, curriculum, school procedures, rules and regulations, transcripts and enrollment verifications. The Education Department encompasses all areas of student services, including student advisement, graduation and the Library. Students are invited to bring all questions, concerns and ideas about their academic experience to Education Department staff.

■ Facilities Department

The Facilities Department is dedicated to supporting the core educational mission of AMDA by maintaining a safe, beautiful and functional campus environment. Facilities is responsible for ensuring long-term stewardship of the campus physical environment and enhancing the quality and functionality of the physical assets. AMDA considers its beautiful, historic campus sites as great assets that directly contribute to students' educational experience.

■ Financial Aid Department

The Financial Aid Department administers aid from state, federal, institutional and private funding sources. Contact the Financial Aid Department or visit amda.edu for additional information regarding eligibility requirements and application details for all funding programs. Financial Aid information can be accessed through the Student Portal.

■ Production Department

The Production Department oversees all technical aspects of performances and major school events as well as the performance schedule. The Production Department also arranges for audiovisual and film production needs.

■ Office of the Registrar

The Office of the Registrar collects and maintains student records and data. As part of the Education Department, the Registrar's Office processes all grade reports, transcripts and enrollment verifications. The Registrar is responsible for protecting the privacy and security of records in accordance with state and federal laws and AMDA policies.

■ Security Department

The Security Department provides security and safety to all students, faculty, staff and visitors in and around AMDA buildings. The Security Department is responsible for protecting AMDA property, recording campus crime statistics and maintaining a lost and found. AMDA facilities are under camera surveillance 24 hours a day.

■ Student Accounts Department

The Student Accounts Department handles all billing and payments for AMDA tuition, housing and other fees. The Department is available for questions regarding tuition and housing charges, payments, payment plans, stipends, refunds, AMDA Café accounts, or any other concerns related to financial matters. Student account information can be accessed through the Student Portal.

■ Student Services Department

The Student Services Department oversees all areas of student life, including the administration of housing,

resident advisors, parking, student activities, student conduct, student clubs and organizations, the Student Liaison Committee and various co-curricular programs.

The Student Services Department provides a number of resources to aid students, such as personal assistance and referrals to other services.

■ Media and Communications Department

The Media and Communications Department develops marketing, promotes and protects the AMDA brand, handles media relations and publicity, and provides support for communications with the AMDA community and the public. These duties include publications, advertising, communications strategies, event promotion, developing and maintaining amda.edu and online content, social media, alumni relations, and media production.

AMDA Catalog Student Responsibility

Students are responsible for becoming familiar with the information presented in this catalog and for knowing and observing all policies and procedures related to their participation in the AMDA community.

Students are personally responsible for following all policies and meeting all deadlines and requirements. This responsibility includes, but is not limited to, academic requirements and general rules listed in this catalog. Regulations will not be waived nor exceptions granted based on a student's lack of knowledge regarding AMDA policies or procedures. Additional policies and procedures can be found in the student handbook and in published AMDA documents.

Course Numbering

Conservatory course numbering may vary depending on location and program. In the Bachelor of Fine Arts programs, lower-division undergraduate courses are numbered 100- 299. Students are expected to complete all of their 100- and 200-level courses in their freshman and sophomore years. Upper-division courses are intended for students with junior or senior standing and are numbered 300 and 400. Certain courses may also have prerequisites.

Course Syllabi and Assignments

The syllabi or lesson plans for courses in the programs of study at AMDA are subject to change at the discretion of instructors. Students are encouraged to select courses based on certificate or degree requirements and other factors related to individual instructors. Variations in the learning needs of students, inherent uncertainty in predicting exactly how material for a course should be covered and an ambiguity in determining the most effective means of evaluating students dictate that designs for instruction may need to be adjusted. In order to be pedagogically responsible, AMDA therefore allows that reading and written assignments, exams, daily topics and measures involved in instructors' evaluations of students may change as needed.

Students are required to keep copies of all work submitted to instructors. If a submitted assignment is lost, the student is required to provide a replacement. If the student does not have a copy of their work, it is presumed that the work was not completed or submitted.

Academic Calendar

The academic year calendar is divided into three terms: three semesters each 15 weeks in length (Fall, Spring and Summer) terms. Academic credit is given in semester units and clock hours whichever is applicable to the program of enrollment.

Course Availability

AMDA makes every reasonable effort to offer courses as announced. However, the institution reserves the right to modify the class schedule or to cancel courses if necessary. Students may be administratively transferred to equivalent class sections. Not all courses listed in this catalog are available each semester at all campus locations.

Agreement To Rules

Registration signifies that the student agrees to abide by the rules, regulations and requirements of the institution. The institution reserves the right to cancel the registration of any student who does not comply. This agreement is in keeping with the institution's philosophy that students should be aware of the dimensions and constraints of the educational community in which they participate during the years of their enrollment. Students are required to respect the various academic and administrative deadlines listed in the academic calendar and other institution publications. Failure to do so constitutes grounds for probation, suspension or dismissal from the program.

The Professional Conservatory Program

The Professional Conservatory Program at AMDA comprises two academic years or four semesters totaling 1,800 hours. Each academic year comprises 900 clock hours or 450 clock hours per semester. Students should anticipate spending approximately 30 hours per week in class, plus an additional 15–20 hours rehearsing outside of the classroom. While the size of regular classes may vary, class size averages 18–22 students and does not normally exceed 24 students. AMDA's offered conservatory certificates are the Studio Program, Integrated Program and Dance Theatre Conservatory Program. AMDA's Conservatory Programs are a pre-determined fixed curriculum structure and semesters must be taken in sequence.

The Bachelors of Fine Arts (BFA) Degree Program

The Bachelors of Fine Arts Degree Program comprises 90 credits of Performance Immersion and 30 credits of Critical Studies (General Education), totaling 120 credits per four academic years for degree program completion. One credit is equivalent to one hour of in-class instruction per

CONTINUED »

week for Critical Studies courses. To fulfill the 30 credits of Critical Studies categories, students are to fulfill the following criteria:

- nine credits of Theatre Roots
- nine credits of English
- nine credits of Creative Exploration
- three credits of Science and Technology

Definition of Clock/Credit Hours

■ Clock Hours (Two-Year Conservatory Programs)

A clock hour is measurement of one hour of scheduled, supervised instruction or studio time (class time) and a minimum of one hour per week of independent student preparation and outside rehearsal time.

■ Credit Hours (Bachelor of Fine Arts Programs)

Critical Studies/Classroom Instruction/Lecture

One credit hour of Critical Studies (courses designated as Critical Studies are either lecture or seminar-based courses, often referred to as General Education or General Studies courses) represents one hour per week of scheduled class or seminar time and at least two hours of student preparation time.

Performance Immersion

One credit hour of Performance Immersion (courses designated as Performance Immersion are performance-based courses, often referred to as Studio courses) represents two hours per week of scheduled, supervised instruction or studio time (class time) and a minimum of two hours per week of independent student preparation and outside rehearsal time.

Entrance Requirements

Enrollment at AMDA requires a high school diploma or equivalent. Students under conditional acceptance guidelines will be evaluated at the end of the first semester and their academic file reviewed. Students enroll for the entire program (BFA or Conservatory); therefore, entrance requirements apply to the entire program rather than to each course. Students at the Los Angeles campus enroll for their first semester in the fall, spring or summer semester. Please refer to the academic calendar for start dates. New students who have not yet submitted their official transcripts have within 30 days of the semester start to provide their official transcripts.

Enrollment Cancellation

The student has a right to cancel their enrollment agreement and receive a refund of charges paid through attendance

at the first class session or the seventh day after enrollment (whichever is later) by providing a written letter to the Director of Education. In addition, the student may withdraw from a course after instruction has started and receive a prorated refund for the unused portion of the tuition and other refundable charges, provided the student has completed 60% or less of the instruction. If the school cancels or discontinues a course or educational program, the school will make a full refund of all charges. Refunds will be paid within 30–45 days of cancellation or withdrawal. The return of Federal funds will be administered in accordance with US Department of Education regulations. The amount of the refund shall be the amount the student paid for instruction multiplied by a fraction, the numerator of which is the number of hours of instruction which the student has paid.

Transfer of Credit Policy

■ Evaluation of Prior Credit or Training: Professional Conservatory Programs

No credit is given for courses taken prior to AMDA.

■ Evaluation of Prior Credit or Training: BFA Programs

In those academic programs that apply, transfer credit may be awarded at AMDA from any United States institution accredited by an agency recognized by the US Department of Education. AMDA will review transcripts from international institutions licensed or officially recognized by the Education Department or Ministry of the country where the institution operates for eligibility of transfer of credit. International students must submit authentic documents to AMDA and provide translations from services which are conducted by the American Association of College Registrars and Admissions Officers (AACRAO), a member of the National Association of Credential Evaluation Services, Inc. (NACES), or a member of the Association of International Credential Evaluators, Inc. (AICE).

Students' prior college coursework will be evaluated for possible critical studies (general education) transfer credit upon receipt of official transcripts from all previous schools attended (maximum 30 units). Courses eligible for transfer evaluation must have a final grade of "C" or above and apply to one of the Critical Studies categories. Courses in Performance Immersion are ineligible for transfer evaluation. Students are requested to have all official transcripts mailed directly to AMDA. AMDA will maintain written record of previous education and training evaluated. Students will be notified in writing; if granted, credit will be reflected on the official transcript.

■ Standardized Assessments/Examinations

Students who have tested through the College Board's Advanced Placement Program (AP) or College Level Examination Program (CLEP) may submit official exam scoring documentation for evaluation of transfer course(s) towards the Bachelor of Fine Arts Program. Documentation must be received directly from the CollegeBoard. AP scores earned must be a score of 3 or higher to be accepted. CLEP scores must be a score of 50 or higher to be accepted.

■ International Baccalaureate (IB)

International Baccalaureate transfer courses may be submitted for evaluation of transfer course status provided an official transcript record document is submitted to AMDA. Courses which fall under the General Education course category will be evaluated for transfer credit based on HIGH LEVEL (HL) course designation and a score of 5 and above may be accepted toward AMDA's Bachelor of Fine Arts Degrees. Courses listed under the category of Standard Level (SL) will not be considered for evaluation.

Performance/Experiential Credit

Performance Credit refers to life or work experience meeting a particular level of performance industry standard or accomplishment. Upon AMDA's approval, Performance Credit may be applied toward the Showcase or other comparable production component of AMDA's fourth-semester Conservatory curriculum. Students are awarded Performance Credit through submission of a portfolio of performances, productions or awards reflecting an industry standard of learning outside the classroom. Submitted experience must be directly related to the individual AMDA program for clock hours to be awarded and tuition charges applied. There is a one-time portfolio submission fee of \$150. An AMDA Education Review Board assesses portfolio submissions, providing a final evaluation. If a student wishes to challenge the evaluation, a Department designee may provide additional assessment. Upon assessment completion, a decision will be delivered; this decision will be final with no further reviews permitted.

Conservatory Program

Portfolio assessments may result in a maximum of up to 225 total clock hours to be applied to the Certificate Program. Tuition fees for any applied Performance Credit are equivalent to the applicable semester's per-clock hour tuition.

BFA Program

Portfolio assessments may result in a maximum of 30 Performance Immersion credits applied to the Bachelor of

Fine Arts Degree. Tuition fees for any applied Performance Immersion credits are equivalent to the applicable semester's per-credit tuition fee.

Notice Concerning Transferability of Credits and Credentials Earned at AMDA

The transferability of credits you earn at AMDA is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the Bachelor of Fine Arts Degree you earn in Acting, Music Theatre, Dance Theatre or Performing Arts or acceptance of the Certificate you earn in the Studio Program, Integrated Program or Dance Theatre Program is also at the complete discretion of the institution to which you may seek to transfer. If the credits, degree, or certificate that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending AMDA to determine if your credits, degree, or certificate will transfer.

AMDA has not entered into an Articulation or Transfer Agreement with any other college or university.

Full-Time Enrollment Requirement

■ Full-Time Enrollment (FTE)

To maintain full-time enrollment status, AMDA students must be registered for a minimum of:

- 12.0 credit hours per semester for the Bachelor of Fine Arts Program
- 24 clock hours per week for the Conservatory Program

For the Bachelor of Fine Arts Programs, enrollment status at full time is considered a credit load of 12.0–15.5 credits per semester, 9.0–11.0 credits are considered at three-quarter time, 6.0–8.0 credits are considered half-time and 6 credits or fewer is considered less than half-time (part-time). AMDA expects all students to maintain a full-time credit load, guiding them to a timely program completion and keeping them immersed in their program and associated activities.

Students in the Conservatory Program are required to register for the entire semester's curriculum of 450 clock hours for each of their four semesters and are considered full time.

CONTINUED »

Bachelor of Fine Arts students approved to enroll for less than a full-time course load in any semester during their course of study at AMDA must be aware they may not be making normal academic progress and must accept the consequences of a possible delayed graduation date. Only by special petition to the Director of Education and under the most unusual circumstances may students reduce their academic load below full time. Students may petition to be part time through the last day to drop classes (first five business days of the semester). After that date students may only withdraw from a class, thereby maintaining the same enrollment status.

Registration

Registration of classes occurs per semester. Only individuals who are registered may attend classes and previous AMDA financial responsibilities must be met before registration can occur. Students with holds on their account will not be able to register for classes. Unregistered students do not have access to class information and will not be able to turn in assignments or receive grades. No petitions will be allowed for late registration after the first week of the session.

Students may verify registered courses by viewing their official class schedule through the Student Portal.

Specific registration deadlines are announced per semester via the student's AMDA email address. Concerns should be reported to the Registrar's Office. Check the Student Portal for specific dates for registration and Add/Drop Periods.

It is the responsibility of the student to make changes in registration (such as dropping courses during the first week, withdrawing from programs, etc.) within the appropriate deadlines. Failure to do so will result in a failing grade and financial indebtedness.

Students are also responsible for reviewing the list of textbooks required for the classes in which they are registered. The textbook list is available online at amda.edu/education.

■ New Student Registration Process

New students in all programs are automatically registered for their first-semester classes by the Registrar's Office of the Education Department. Students who are Conservatory alumni and have applied (or approved) for the BFA program will automatically be registered for their fifth-semester classes. Students are expected to review their registered credit load or clock hours for the semester to ensure they have full-time enrollment status.

■ Continuing Student Registration

AMDA assumes a currently enrolled (active status) student will automatically continue into the consecutive semester and follow the registration process guidelines and timelines. If there is a change in a student's intent, the Education Department must be notified by the 10th week of the current semester if a student will not be able to enroll for the upcoming semester.

For enrollment in a summer semester, the Education Department will distribute an "Enrollment Intention Form" to all active status students during the fifth or sixth week of the spring semester in order for students to plan for their summer enrollment.

■ Continuing Student Registration Process

New York Conservatory Certificate Programs

For Conservatory students, application into second year is initiated by the student completing a Second Year Application Form that will be distributed by the Education Department. Failure to complete required forms by the deadline given may result in additional fees. Students who are ineligible to progress into second year will be notified. Students interested in transferring to AMDA's Los Angeles campus may select that option on the Second Year Application Form.

Conservatory Certificate Programs

Certificate programs are designed with a specific curriculum for each of the four semesters of enrollment. The Education Department will register students in all of the prescribed courses. Each semester students in an active status who are enrolled in a Certificate Program or who have been approved to readmit are automatically registered for their next semester's classes. However, when a particular Certificate Program and semester offers "choice/elective" course option, students are emailed (via their AMDA email address) an "elective form" to submit their elective course selection. The elective form is to be completed and submitted by the student by the stated deadline. Students who do not submit the form by the stated deadline incur a late registration fee and are automatically registered in a course where space is available.

BFA Degree Programs

Course registration information is distributed via email to active status students during the current semester for the next semester's registration of classes. Students who are under the "Readmit Process" and are approved for readmission, must also submit a class registration form for the semester they will enroll as well as students who are considered New York Experience (NYE). Students are responsible for reviewing the

registration information for “choice/elective” and “assigned” courses as well as registering by the stated deadline date. Assigned courses will be automatically registered by the Registrar’s Office in the Education Department. For “choice/elective” classes, student self-register through the Student Portal during the registration period. In the event the class is full or not held, students will be registered in an alternate semester applicable course. Students in need of course/credit advisement or schedule modification are recommended to meet with Education Department staff.

Course Outline forms are housed on the AMDA website under the Education Department page for BFA students to access. Students are emailed when class preregistration process begins each semester. In the initial preregistration process, BFA students view the Course Outline for the applicable semester they will be in and self-register for their choice and elective courses. Students are emailed add/drop reminder notifications when the Add/Drop Period is open. The Add/Drop Periods occur during the final week (Week 15) of the current semester and the first five days of Week 1 of the consecutive semester. Students access the Student Portal to add/drop classes within their choice and elective course options. All assigned courses must be maintained on the student’s schedule.

- Students do not add themselves to dance, individual voice or vocal coaching classes. Those classes are assigned and registered by the Education Department Registrar’s Office.
- If a student selected a dance discipline during the class pre-registration process (e.g., ballet, tap, jazz, etc.) the customary Add/Drop Period will NOT apply to changing the selected dance discipline. At the start of the new semester, dropping or adding dance classes will only be permitted based via Add/Drop Form upon necessary credit adjustments and will require meeting with Education staff or Dance Department Chairs.
- “Core” or required courses should never be dropped. Students may register for any listed course as long as the prerequisites are met.
- Adding classes via the online Student Portal that are conflicting with the student’s schedule will not be processed by the system. Students should be sure they are directed to the Portal confirmation page to verify finalization of changes.
- Students are strongly advised to check their total credit load or clock hours per semester to ensure they are at full-time status (15.5 credits for BFA Programs; 450 clock hours for Certificate Programs).

Email notifications are sent to students as reminders to register for classes before the stated deadline. Class

registration is processed on a first-come,first-served basis. Students who do not register by the final deadline date will incur a late registration fee of \$50.

Accelerated Enrollment and Procedure

Students who have earned credits beyond their semester year or level (15.5 or more credits through transfer or taking additional credit loads) may be eligible to expedite their program, allowing for completion in less than the standard number of semesters. AMDA refers to this as “Accelerated Enrollment.” Upon review of a student’s total accumulated credits, overall grade point average (GPA) and skill level, standing in the AMDA community, financial status as it pertains to AMDA’s Student Accounts Office, and other criteria deemed appropriate by AMDA, a student may be approved to “Accelerate,” thereby skipping their sixth or seventh semester classification.

Within a student’s fifth semester and no later than the fifth week of the semester, students may apply for a credit evaluation review to determine their eligibility for accelerated enrollment. The application is available online at amda.edu/education. Students complete and submit the “Accelerated Enrollment” form for evaluation. An audit review will be conducted and the student will be notified of his or her standing. If applicable, the student’s following semester will reflect the approved classification by registering the student in the appropriate seventh- or eighth-semester classes.

Wait Listing

When a course reaches its authorized capacity, a student’s registration for that course may be placed on a wait list. A course wait list is a list of students who wish to register for a course if and when space becomes available and occurs through the Student Portal.

The student is not automatically added to a course wait list unless the student makes this request. When a class has available space, students are notified via the Student Portal and on a first come, first served priority.

It should never be assumed that a wait-listed course results in official registration. Students should work with the Education Department and Registrar’s Office to select alternate courses in case the wait-listed course remains full. A student on a wait list is not officially enrolled in that course and thus is not eligible to receive a grade in that course.

Any student with a financial hold will not be allowed to enroll in a course from the wait list.

Class Registration Fees

A Late Enrollment Fee of \$75 may be assessed for students who do not notify AMDA of their enrollment intentions by the stated deadline week or deadline date, whichever is applicable.

A Late Class Registration Fee of \$50 may be assessed for students who do not submit their class registration form by the stated deadline date.

A Change of Enrollment Intention/Change of Campus Transfer Fee of \$200 may be assessed for students who are currently enrolled in the spring semester and planning for the summer. Students who do not notify AMDA within the stated deadline date may incur this fee.

Course Drops

Students who need to drop a course may do so online via the Student Portal. Students who must drop a course after the Portal open timeframe will need to use the Course Add/Drop form when the Portal open timeframe has passed and need to do so by the drop deadline based on the stated timelines below. Refunds and grades are based on the last day of attendance. Students who withdraw from courses after the first five school days will not have a change in their tuition. The refund amount decreases each week for students who withdraw from AMDA (see chart in the “Costs and Financial Aid” section of the catalog). Failure to drop courses in a timely manner will result in failed grades and financial responsibility for payment.

■ Credit Load

Full tuition charges are applied to students who are at a full-time enrollment status of 12.0–15.5 credits. (In certain semesters, planned curriculum may total more than 15.5 credits. In these semesters, students will not be charged the additional credits.) Students who register for more than the planned curriculum credits will incur additional tuition charges.

Credit Load Status	
Full-Time	12.0 – 15.5
Three-Quarter Time	9.0-11.0
Half-Time	6.0 – 8.0
Less Than Half-Time	Fewer than 6.0

BFA Curriculum

To be eligible for courses specific to an eighth-semester curriculum, BFA students must complete semesters

1–7. Exceptions exist for accelerated status students. An Application for Acceleration needs to be filed by the student during their fifth semester and approved by the Education Department. Conservatory alumni must complete semesters five to seven; accelerated status also applies.

Curriculum and Certificate/ Degree Requirements

Students are expected to review the program and course information regarding their program of enrollment in order to have thorough knowledge of certificate or degree requirements, core courses, course prerequisites and elective courses for curriculum completion.

Class Schedule

Before each semester begins, class schedules are made available to students via the Student Portal. Class schedules will change from semester to semester. In addition, there may be schedule changes during the semester. Classes are typically scheduled Monday–Friday, from 8:00 a.m. to 7:00 p.m. Optional extracurricular courses, rehearsals and school projects are typically held after 5:30 p.m. Students in rehearsals and productions will be expected to be available for designated week days and weekends according to the needs of the production or academic schedule.

Only currently enrolled students, faculty and staff are permitted to attend classes, rehearsals and demonstrations.

Enrollment Verification

Students who are currently enrolled may request a verification of enrollment by completing the “Request for Enrollment Verification” form. Forms are located on the AMDA website at amda.edu/registrar.

Program Change

Students who are interested in a change of program may initiate the request by completing the “Change of Program” form by the stated deadline. Forms (available at amda.edu/registrar) should be submitted to the Education Department for evaluation. A follow-up meeting may be set with the student; a thorough review with the student will be conducted to discuss all aspects pertaining to classes, potential enrollment extension, credit load, graduation requirements, etc. A meeting with the department chair may also be required. Although AMDA may approve a program change, prerequisite requirements for particular courses may result in a delay in graduation. AMDA cannot guarantee that courses the student will need due to a change of program will be available in a particular semester’s schedule.

Attendance Policy

AMDA's attendance policies are directly related to performing arts professional standards and industry expectations. Within the Performing Arts industry, any missed rehearsal or performance can affect the artist's reputation, salary, and/or ability to procure future work. Likewise, a student's development is critically dependent upon attendance and class participation, therefore, every absence counts.

AMDA students are expected to attend all classes, every day, according to their semester class schedule. Missing class has a direct impact on student performance and class structure. Students are responsible for monitoring their own absences and understanding the impact each absence may have on their grade. If a student misses a class, the student is responsible for getting the information and being fully prepared by the next class session. Delivery of previous class content may not be repeated based upon an individual's absence.

All absences are recorded and retained on the student's academic record. Although a missed class cannot be truly made up (the exact experiential nature cannot be recaptured), there may be ways that students can mitigate the consequences of their absences; students should refer to the course syllabus.

Advance notification regarding an absence is encouraged and considered a professional courtesy. However, advance notification does not eliminate grading consequences. It is important to note that students receiving financial aid are subject to a federal audit of attendance, and absences may delay or nullify Title IV funds and other financial aid.

AMDA's attendance policy establishes a threshold of absences intended to provide latitude when emergencies occur. As a general guideline, absences based on extenuating circumstances are evaluated for special consideration with regard to the impact on grading and total cumulative absences. Extenuating circumstances are defined as:

- Hospitalization
- Contagious disease (community health risk)
- Death of an immediate family member
- Religious Observance

It is the responsibility of the student to communicate with the Education Services Department regarding any absence related to extenuating circumstances. Communication should occur within five (5) school days of the absence.

■ Absences Related to Injury or Prolonged Illness

Students who cannot fully participate in class due to injury or prolonged illness are required to meet with the

Education Services Department and provide medical documentation. Based upon medical documentation, if a student must modify their participation, the modification is limited to a two week maximum. During that time, the student is required to attend and participate to the student's maximum ability without risking additional harm. However, any injury or illness that prevents a student from fully participating in class work beyond a two week time period will require the student to meet with the Education Services Department for review and re-evaluation as warranted. Students may be required to withdraw from the course and re-take it in a future semester if their injury/illness impedes participation for an extended amount of time.

■ Class Absence and Grade Impact

Since class attendance is of vital importance, all absences affect the student's final grade. There are two ways that absences impact grades:

1. Participation points as part of grading criteria: All classes attach a particular amount of "points" or "weight" to each day's class session. Any absence, regardless of reason, will still impact the grade based on that course's point system.
2. Cumulative absences: AMDA's training models industry standards by teaching students that productions, rehearsals, and/or classes that have fewer total meetings or occur in a more condensed time frame, carry a greater responsibility with regard to attendance. Based on the frequency of class meetings for a given course, AMDA has established a maximum number of absences. Any absence above this maximum cap will result in course failure. The table below illustrates the correlation between the number of weekly class meetings per course and the effect of total cumulative absences.

Weekly class meetings per course	Absences resulting in course failure
3 or more class meetings per week	Maximum of 4 absences. Fifth absence will result in a failed grade*
2 class meetings per week	Maximum of 3 absences. Fourth absence will result in a failed grade*
1 class meeting per week	Maximum of 2 absences. Third absence will result in a failed grade*

*Students who reach "failure status" are removed from the class roster and do not continue to attend the class.

■ Discounted Absences

Absences due to extenuating circumstances (as defined under the Attendance Policy section) may result in the Education Services Department classifying an absence as "discounted." The Education Services Department will notify faculty directly when this occurs and advise instructors to "discount" the particular absence when calculating the total number of cumulative absences as depicted in the chart above; however discounted absences still may impact grades as related to points earned for daily class participation or with regard to fulfilling minimum curricular requirements.

■ Misconduct regarding Attendance Policy

Students who misuse the attendance policy will be considered to have committed academic misconduct.

Examples include:

- Falsifying an illness or family emergency
- Falsely claiming to an instructor that a particular absence is approved by AMDA administration.
- Falsely presenting an absence as "extenuating circumstance" as defined by AMDA

If a student is found in violation of the above, it will be treated as any other instance of academic misconduct.

■ Punctuality

Students must be on time to every class. Classroom doors are closed at the time class is scheduled to begin. It is the student's responsibility to manage their class schedule, bathroom breaks, meals, etc. When possible, students should arrive several minutes early to warm up and prepare for class.

■ In the Event of an Absence

Anticipated absences require students to submit a Notification of Absence Form to the Education Department. This communication is a professional courtesy and does not remove or delete the absence from the student's record.

It is important to note the following:

- Students taking individual voice lessons must directly notify their individual voice teachers prior to their appointed lesson times if they will be absent.
- Students are responsible for any missed class work or assignments. However, because many classes are based on performance, there may not be opportunities to make up all classwork.
- Midterm and final exams cannot be rescheduled.
- The failure or inability to make up work may result in a grade of "F" in a course.

Refer to class syllabi for individual class attendance policies.

■ Leaving Class

Students may not leave class without the permission of the instructor, even if the student is not involved in a performance. A student who walks out of class may be dismissed from that class and possibly from AMDA. If a teacher is delayed in starting class, students are to remain in class and be prepared to work.

■ Make-Up Classes

In the event of a faculty member's absence, make-up classes will be scheduled by Administration. Make-up classes will be scheduled around students' normal class schedule. If a student has a conflict with the make-up class, the student must speak to the instructor before the class occurs. Individual voice or vocal coaching classes are considered a part of a students' normal class schedule and must be attended. The student's first obligation is to attend their regularly scheduled class.

■ Midterm Exams/Demonstrations and Final Exams/Final Demonstrations

Evaluation of student work is a vital part of the training at AMDA. Midterms, final exams and demonstrations are typically held for each course. Midterm exams and demonstrations occur during Week 7 of each semester; final exams and demonstrations occur at the end of each semester. Missed midterms, final exams or performances cannot be rescheduled.

A schedule will be created to allow staff, department chairs, program heads and faculty the opportunity to view and evaluate students' work. This schedule often changes; it is the student's responsibility to check email for up-to-date scheduling. Students are required to attend each scheduled final demonstration and be available until 5:30 p.m. on the last day of the semester. Failure to comply may result in course failure and dismissal from AMDA.

Course Add/Drop and Withdrawal Policy (Applicable Only to the BFA Programs)

Students may submit the Add/Drop/Withdrawal Form or process add/drops through the Student Portal within the first five school days of the semester without transcript notation or financial liability. Tuition charges are prorated based on a change in course load if the change in credit load is below 12.0 credits or increased over the prescribed credit load offering per semester. Students must complete the process via form or Student Portal when adding, dropping or withdrawing from a class. Students may register for any offered course as long as the prerequisites have been met, with the exception of dance, vocal coaching or individual voice classes. Dance, individual voice and vocal coaching classes are assigned and registered by the Education Department (Registrar's Office). All original course fees and requirements are applied to the student until an add/drop has been fully processed. Students should thoroughly review the add/drop policy on the Add/Drop form (online at amda.edu/education) for a clear understanding of how the action affects their semester credit load. "Core" and required courses may not be

dropped at will. Counseling and approval from a member of the Education Department is required.

Dance and Musicianship levels may not be changed through add/drop. Only instructors may initiate these level changes through departmental procedure.

■ Course Withdrawal Policy

A student may withdraw from a course within the second to the fifth week of the semester start. A Withdrawal ("W") will be recorded on the student's official transcript record. Tuition charges are unaffected. The withdrawal policy is as follows:

Week 1:	Students may add or drop courses within the first five days of the semester.
Weeks 2-5:	Students who withdraw from a class during the second through the fifth weeks will have a "W" (Withdrawal) recorded.
After Week 5:	Students who withdraw from a class after the fifth week will have a "W/F" (Withdrawal/Fail) recorded. A W/F affects the student's GPA.

Charges or fees may be incurred when adding or dropping courses. Contact Student Accounts or Financial Aid with questions.

Transcripts

■ Permanent Record

Only information of an academic nature is entered into the student academic record (transcript). The transcript bears the following entries regarding the completion of degree requirements and the awarding of degrees: area of concentration or major (as applicable), and date of completion, i.e., the last day of the last semester registered or the date on which all requirements for the degree were completed (whichever is later).

■ Official Records

Official transcripts are issued by the Registrar's Office. Transcripts are issued only at the written request of the student. Transcripts will not be released to students who have outstanding obligations, financial or otherwise, to the institution. Official transcripts bear the institutional seal and the signature of the institution's registrar. AMDA cannot officially verify any coursework taken at another institution even if the student has a transcript on file from that institution.

CONTINUED »

■ Changes to Records or Names Used on Records

The Registrar's Office houses the official records of students and is responsible for maintaining and updating those records. It is the student's responsibility to keep the institution apprised of all name, address and phone number changes. Students wishing to make changes in their name, address, telephone number or email address information should notify the Registrar's Office via the Student Information form or email. The student's legal name must be used on all institution records, diplomas and other records. The Registrar's Office requires appropriate documentation in order to change or correct a name, Social Security number or birth date. Documentation for a name change or Social Security number correction is a Social Security card. Correcting a birth date requires a driver's license.

■ Retention of Academic Records

AMDA permanently maintains student records in individual student folders (printed or electronic) according to privacy regulations. Student folders are initiated for each future student during registration and enrollment into AMDA. Student folders contain documents such as the application, enrollment agreement, transcripts and other official information. AMDA student academic records will be retained for five years after graduation or the last date of attendance. After five years, a student's academic record will be archived into electronic format and retained on an offsite computer server.

Grading Procedures

■ Grade Point Average

GPA is calculated based on the semester and cumulative points based on earned — rather than attempted — credits. AMDA students are required to maintain a minimum GPA of 2.0 per semester. Students with a cumulative GPA less than 2.0 risk dismissal from the program. In this circumstance, students may submit an enrollment appeal statement for evaluation. A thorough review will be conducted for evaluation of enrollment status. Final grades of "I" (Incomplete) and grades of "F" (Fail) must be resolved. Students with unresolved fail or incomplete grades are ineligible to graduate.

Grades of plus (+) or minus (-) may be issued and are included in both the semester and cumulative GPA calculations.

The following grades are computed in the GPA:

Grade	Grade Points	Representation
A	4.0/Clock/Credit Hour	Extraordinary
A-	3.67/Clock/Credit Hour	Excellent
B+	3.33/Clock/Credit Hour	Very Good
B	3.0/Clock/Credit Hour	Good
B-	2.67/Clock/Credit Hour	Above Average
C+	2.33/Clock/Credit Hour	Fair
C	2.0/Clock/Credit Hour	Average
C-	1.67/Clock/Credit Hour	Needs Improving
D+	1.33/Clock/Credit Hour	Below Average
D	1.0/Clock/Credit Hour	Passing
F	0.0/Clock/Credit Hour	Failure
W/F	0.0/Credit Hour only	Failure (BFA Only)

The following grades are *not* computed in the GPA:

I	Incomplete
IP	In Progress
P	Pass
TR	Transfer Credit (BFA Only)
W	Withdrawal

GPA is calculated by dividing earned cumulative quality points by cumulative weighted (A–F) credit or clock hour values.

■ Grade Reports

Official Grade Reports are available via the AMDA Student Portal. Midterm grade and final grades for each class are available on the Student Portal. Printed unofficial transcripts can be requested from the Registrar's Office. Unofficial

transcripts are available to parents when the student has waived confidentiality of records. Students with holds on their accounts will not be able to view and access their online account.

■ Grade Information

Course grading is determined by the course syllabus's listed requirements. Each absence may potentially lower a student's grade. (See the "Academic Standards" section for more information.)

Course failure may result in academic probation or dismissal from the program.

Pass/Fail courses must be passed in order for the student to remain in satisfactory academic standing.

Incomplete grades are counted as 0 points/credit until a passing grade is recorded. If the passing grade is not earned by a stated date or by the midpoint of the consecutive semester, the "I" reverts to an "F."

■ Grades of Incomplete

As a general policy, grades of "I" are given only under special circumstances. The faculty member teaching the course and the Education Department may grant a temporary grade of "I." If an "I" is granted, it is the student's responsibility to fulfill the requirement to earn a passing grade by the stated time frame and no later than the midpoint of the following semester's enrollment. Earning a passing grade replaces the grade of "I." If the "I" is unfulfilled, the "I" will revert to an "F." (See Failed Grade Policy) A grade of "Incomplete" does not impact the GPA but is calculated towards total credits attempted.

■ Failing Grade ("F")

The Conservatory curriculum is designed for students to take courses sequentially. Students earning a final grade of "F" (Fail) in a primary course (Acting, Music Theatre or Dance Theatre) for each of the certificate programs may be ineligible to progress to the next semester. Students are required to repeat failed courses in the subsequent semester, providing course scheduling availability.

BFA students who fail a course not designated as a core requirement may choose an alternate class selection to fulfill the requirement and earn the credits. Students are recommended to meet with an academic advisor for guidance through the course selection process.

Students with failing grades may be dismissed and are

ineligible to graduate. Additional fees for repeating course(s) will be assessed.

■ Withdrawal-Fail Policy

Applicable after the fifth week of the semester to BFA Programs only: Students who opt to withdraw from a class after the fifth week of a semester will have a "WF" (Withdrawal-Fail) posted on their official record. A WF constitutes a grade of "F" in the determination of a student's GPA and is calculated as attempted credits in the satisfactory academic progress calculation.

The maximum number of times a course can be repeated in any degree is until successful completion is acquired. Repeat courses will count toward degree fulfillment. All grades are reflected on the academic transcript and are included in the overall GPA calculation. The GPA calculation is determined by earned, rather than attempted, credits. Financial aid eligibility for multiple repeated courses may not apply.

■ Maximum Completion Time

The maximum length of time allowed for completion of any program is 150% of the prescribed program length.

■ Final Grade Inquiry

Students who wish to have their final grades evaluated further may submit the Final Grade Inquiry form within two weeks after the semester's end. The form is to be submitted to the attention of the Education Department. The Final Grade Inquiry Form will be forwarded to the appropriate faculty for evaluation. Upon resolution, a copy of the form will be provided to the student and a copy is retained on record. Forms are available on the AMDA website at amda.edu/education.

Grade Appeals

In general, grades represent the faculty member's professional judgment of a student's performance in a course and, as such, are final. However, after the Final Grade Inquiry process is completed, students have the right to request an explanation of the grade received and may appeal the grade if they believe that the final grade was biased, arbitrary or capricious. In those instances, students must follow the Grade Appeal Process outlined below.

■ General Principles

1. Students are encouraged to seek advice in matters of concern about grades from their faculty or academic advisor.
2. Grade appeals can be made only in instances where

CONTINUED »

procedural issues or biased, arbitrary or capricious grading are in question, specifically any one of the following:

- An obvious error in calculation.
- The instructor has applied more exacting standards to the particular student.
- The grade was given on some other basis than performance in the course.
- The grade represents a substantial departure from the instructor's announced standards.

■ Grade Appeals Process

Grade appeals may not be made more than two terms after course completion.

1. The student should attempt informal resolution of grade concerns with the instructor and the Registrar's Office. Typically, this step is all that is necessary to resolve any disagreements. This step is only to be waived if the student believes she or he cannot meet with the instructor.
2. In the event that informal resolution is not satisfactory to the student, the student has the burden of proof to show that the grade was based on factors listed in General Principles (2) above. The student submits an academic petition for a grade appeal to the Registrar's Office within six weeks of the official posting of the grades by the Registrar's Office. The student must include evidence pertinent to the General Principles (2) above in support of the grade appeal request.
3. The Education Department will arrange a panel to review the appeal. The panel will reach a decision to either uphold the grade or change it. This decision is sent to the Registrar's Office, which then informs the instructor and the student. Panel decisions are binding.

Satisfactory Academic Progress (SAP)

Federal regulations require the Financial Aid Department to monitor the academic progress of students receiving financial aid. Satisfactory Academic Progress (SAP) is defined as the successful completion of coursework toward an eligible certificate or degree.

SAP standards apply to all students but students will be in jeopardy of losing their institutional and federal financial aid eligibility if they fall below AMDA SAP standards. These standards apply to the student's entire academic record at AMDA, whether or not financial aid was received for prior terms of enrollment. Please review the full AMDA SAP Policy on page 101 of this Catalog.

■ Academic Requirements and Review Process

The Registrar's Office review process occurs at the end of each semester to determine compliance with the SAP standards for the prior semester. Students who have not achieved the established satisfactory academic progress standards and are placed on academic probation or academic ineligibility status are notified by the Financial Aid Department by letter or email.

Exceeding the Duration of Eligibility

The Conservatory Program at AMDA is a four-semester program; any student enrolled more than six semesters will lose financial aid eligibility for the duration of their program. Respectively, the Bachelor of Fine Arts Program is an eight-semester program (students with approved transfer credit may complete it in fewer than eight semesters); any student enrolled in more than 12 semesters will lose financial aid eligibility for the duration the program.

Residency Requirement

Students enrolled in the Bachelor of Fine Arts Program must complete a minimum of 72.0 of their degree credits in residence in order to qualify for graduation at AMDA.

Students in the Conservatory Program must complete 100 percent of their program clock hours in residency at AMDA in order to qualify for graduation. Courses that do not apply toward program requirements may not be used in the calculation of residency.

Academic Violations

■ Academic Warnings

Academic Warning status should be taken as a serious indication of a student's failure to comply with standards. Students who earn a GPA below 2.0 are placed on Academic Warning for the consecutive semester. Financial aid eligibility is maintained during the Academic Warning semester.

■ Academic Probation

During the consecutive semester, failure to clear the Academic Warning status by not achieving a GPA higher than 2.0 results in Academic Probation. Students on Academic Probation risk the loss of financial aid and may be ineligible to enroll for the next semester. Each probationary period pertains to the current semester's enrollment unless otherwise stated. Students may also be placed on Academic Probation without prior notice when any initial act, omission or accumulated absences or tardiness are deemed grave enough to require such action by the administration. Students in this category may appeal their status.

■ Dismissal

Students may be dismissed from AMDA for reasons including but not limited to the following:

- Failure to meet the standards of Satisfactory Academic Progress (SAP) in the program (semester or cumulative GPA may not fall below a 2.0)
- Failure to fulfill financial obligations in any student account, including tuition and housing
- Failure to meet AMDA's professional standards and expectations as stated in this catalog, including personal conduct in school and school-related facilities (e.g., housing). Appraisals of such behavior are at the discretion of AMDA staff and housing personnel.
- Failure to meet attendance standards
- Failure to comply with AMDA's Audition Policy

Students residing in AMDA housing are required to vacate immediately upon dismissal.

Semester Break or Summer Off

Students who wish to initiate a semester break or summer off for reasons such as injury, financial or family concerns may do so by submitting a Communication Form (available at Reception) or emailing the Registrar with a formal request for enrollment change. Those requesting a semester break or summer off should meet with the Registrar's Office for a full understanding of the process. In Los Angeles, email LAregistrar@amda.edu; in New York, email EdServicesNY@amda.edu.

New York students may request a summer off only if they began the program during a fall semester. Students starting in either spring or summer must take four consecutive semesters with no semester break allowed.

Los Angeles students may initiate a semester break or summer off only at the end of their academic year if they plan to re-enroll the semester following their break. Those with semester break or summer off status maintain active AMDA email accounts and receive all communication regarding the following semester's registration, housing, etc. Late enrollment fees will apply if not submitted by the stated semester deadline dates.

A semester break or summer off taken during the academic year — splitting the academic year of enrollment — is processed as a withdrawal, as is any semester break or summer off exceeding one semester. Students in this category will need to submit a Readmission Application (available at amda.edu/registrar) for full review and evaluation and must be approved in order to be eligible

to readmit to AMDA. International students processed as withdrawn will have their F-1 visa status terminated and must submit a new Form I-20 application with Readmission Application materials to reinstate their F-1 visa status.

Withdrawal and Leave of Absence

■ Withdrawal

Withdrawing from AMDA means discontinuing attendance in all courses and the program in which the student is enrolled. Students who intend to withdraw are required to meet with the following departments: Student Services, Education Department (Registrar's Office), Housing (if applicable), Financial Aid (if applicable) and Student Accounts. Students are to meet with Education Services to initiate a withdrawal. To complete an official academic withdrawal, students are required to complete the Academic Withdrawal Form with the Education Department and to conduct an exit process with all other appropriate departments. Unofficial (administrative) withdrawals are processed by the Education Department for students who have not enrolled for their consecutive semester and have not officially communicated with AMDA.

■ Voluntary Withdrawal

In the event that the student withdraws, the student is required to meet with the Education Department to initiate the withdrawal process and complete an exit interview with all applicable departments. It is important to note that students who withdraw are not automatically granted readmission. Any student who withdraws (voluntarily or involuntarily) must apply for readmission (see Requirements for Readmission in this catalog).

Students who voluntarily withdraw may receive a prorated refund on tuition payments already received. Students will not receive credit for withdrawn courses.

■ Administrative Withdrawal

Students who are delinquent on their student accounts, do not register, or who do not apply for a leave of absence by the end of the semester will be administratively withdrawn from AMDA and dismissed from the academic program. If the student's plans are not clarified by the end of the term in question, the school will assume that the student has chosen to withdraw from the program. The student must respond within 14 business days of the date posted on the notification letter in order to remain active in the program.

CONTINUED »

■ Involuntary Withdrawal

AMDA may withdraw a student under the following conditions:

1. Violation of Probation: Any student who is found responsible for academic or conduct violations while on probation will be withdrawn from AMDA.
2. There are occasions when AMDA may determine that a student is unable to engage in the basic required activities necessary to obtain an education. Such a situation may occur when a student is unable to achieve academic progress. It may also arise when a student impedes the progress of others with their behavior. In the event that such a situation arises, AMDA will conduct an individualized assessment of the student in order to determine whether the student may remain enrolled in the program. A student will have a reasonable opportunity to be heard and respond before a final decision is made. In exigent circumstances, AMDA may take immediate measures to dismiss or withdraw a student. If such an immediate measure is necessary, the student will immediately thereafter be given an opportunity to be heard and to present his or her position and any information the student would like to be considered.
3. AMDA reserves the right to request or require students to withdraw from the college and residential housing for reasons pertaining to mental or physical health when the student's words or behavior exhibit a direct threat of harm to themselves or others or when a student's mental or physical health-related behavior significantly disrupts the ability of other students to participate in the educational programs offered by the college. Such withdrawal may include complete withdrawal from enrollment at AMDA and residential housing. AMDA further reserves the right to request that a student submit written medical clearance from a psychiatrist or applicable medical practitioner before returning to school or being allowed to live in AMDA residential housing. AMDA acknowledges that each situation is unique to the individual circumstances and therefore AMDA will act accordingly. Readmission to AMDA after such withdrawal will be on a case-by-case basis and is not guaranteed.

■ Leave of Absence

An approved Leave of Absence (LOA) is a temporary interruption in academic attendance in an ongoing program for a specific period of time. Students must formally request a LOA with the Education Department to maintain enrollment status. Failure to request a LOA may result in loss of good standing with AMDA. For US citizens or

permanent residents receiving Federal or private loans, funds already received by the student are to be returned to the lender, depending on the date of the student's LOA. Federal grant awards such as FSEOG, Pell and Institutional awards (e.g., AMDA scholarships) may also be decreased.

Leaves of Absence for up to one semester are granted to students who anticipate returning to AMDA to complete their studies. Students requesting a LOA must be in good standing and making satisfactory academic progress toward a program. Students are required to officially notify the Education Department in writing for reinstatement prior to resuming their studies at AMDA. Students who do not return to continue their studies at AMDA within one academic year will be withdrawn from the program. The withdrawal date in the student record will be the last date of attendance.

Leave of Absences must fall into one of the following categories:

Medical Leave

In the event that the student develops a health issue or injury that impacts attendance or class participation, the student is urged to consult with a member of the Education Department to discuss taking a Medical Leave of Absence from AMDA. Documentation from a physician or qualified medical practitioner is required for an approved Medical Leave of Absence. Likewise documentation from a physician or qualified medical practitioner approving the continuation of studies at AMDA is also required and should be submitted with the Application for Readmission. If there is sufficient information to suggest that, as a result of physical or psychological illness, the student is engaging in or is likely to engage in behavior that could lead to injury to self or others, AMDA may place the student on a Medical Leave of Absence for reasons of personal or community safety.

Family Care

If the student is presented with childcare issues, loss of family member or unexpected medical care of family, the student may request a Leave of Absence. Leave of Absences for family care will be granted on a case-by-case basis.

Military Duty

In the event the student is called to active duty US military service prior to a semester, a copy of their military orders must be provided to the Education Department at AMDA to arrange for a military leave of absence. Military leave of absence is available only to students in receipt of US military active duty orders.

Scholarship Review Process

At the end of the first, second and third years of enrollment, students who have been awarded scholarships are reviewed for cumulative GPA requirements to determine their eligibility to maintain their scholarship. The required 3.0 minimum cumulative GPA must be earned to maintain scholarship eligibility. At the end of each semester, students who have earned less than the required 3.0 minimum GPA are mailed a scholarship GPA eligibility reminder in order to ensure a raised cumulative GPA at the end of that academic year. Raising the cumulative GPA is critical to maintaining the awarded scholarship. As soon as final grades are posted, GPAs are reviewed for scholarship eligibility. At the end of a student's academic year, students who have earned less than the required 3.0 minimum cumulative GPA are mailed the scholarship status letter.

In general, students with a cumulative GPA of less than the required 3.0 minimum may be allowed to submit appeal documents unless they have failed classes or conduct violations on record. Those with failed classes or conduct violations are ineligible to maintain their scholarship and are ineligible to appeal.

Students may submit a written appeal for the reinstatement of their scholarship award as follows:
Provide a statement of explanation letter addressing the reason for not achieving the required GPA and a plan to ensure earning the required GPA. Students may also address any relevant financial issues.

Scholarship Appeal letters are to be emailed to LAScholarshipcommittee@amda.edu or mailed to the attention of the Financial Aid Department. A review of the submitted documentation along with the student's full financial status will be conducted by the Scholarship Committee. Upon finalization of the review, students will be notified of the resolution. Appeal letters need to be received within two weeks of the deadline date stated on the initial scholarship notification letter.

Scholarship Loss

Students who have not maintained scholarship eligibility and have experienced a loss of scholarship will be officially notified in a mailed a scholarship loss letter.

Right to Appeal Rules & Regulations

A procedure with the intent of assuring fairness and objectivity will be applied. While procedures are not designed to incorporate all of the due process safeguards that the courts of law require, they are to provide a

system that will represent "fairness and the absence of arbitrariness." AMDA makes every effort to see that an avenue of appeal is present.

Appealing Academic Dismissal

A student dismissed from a program may request reevaluation from the Education Department for reinstatement by filing a formal appeal in writing with supporting documentation. The written appeal must be received within two weeks of receipt of the notice of academic dismissal. All appeals must include the following and will be reviewed and evaluated via an academic committee:

1. Explanation of poor performance or failure to complete required coursework.
2. Description of plans to improve academic performance and complete any outstanding work.
3. Any other relevant information pertaining to the student's academic history and potential.

Readmission

■ Requirements for Readmission

Readmission is only for students who have previously attended AMDA, have not yet earned a certificate or degree, and wish to return to continue their studies. Applying for readmission does not guarantee readmittance. Circumstances and qualifications change over time, therefore AMDA does not assume students are similarly qualified or prepared to return for study until the readmission process is completed. Four or more semesters of non-enrollment require an application for Conditional Readmission and may require an audition.

AMDA reserves the right to make changes in curriculum, requirements and procedures; any student who is readmitted must comply with the new guidelines.

Candidates approved or denied readmission will receive an official notification from the Education Department. AMDA cannot guarantee that space will be available in the semester of readmission requested. An evaluation of the academic record of a readmitted student will determine if the student must begin with first-level coursework.

To be considered for readmission:

1. All outstanding financial commitments to AMDA must be met.
2. The Application for Readmission must be received at least four weeks prior to the beginning of the desired semester for enrollment.

CONTINUED »

3. If any other institution was attended since leaving AMDA, official transcripts must be received as part of the reapplication process. Performance courses are ineligible as transferable credit; however, general education courses will be evaluated for possible transferability and upon approval may apply towards the degree.
4. If withdrawal or non-enrollment was medical or mental health-related, documentation from a medical professional must be submitted with the application verifying medical clearance to return to AMDA without restrictions.
5. AMDA may require additional documentation to be submitted to support qualifications for readmission.

■ Unconditional Readmission

Students who are in good standing with AMDA are eligible for unconditional readmission. This means that as a result of their readmission the student may return to normal academic studies at AMDA and is subject to current tuition and fees, program requirements, and college policies and procedures.

■ Conditional Readmission

Students who are not in good standing with AMDA since their departure may apply for Conditional Readmission (with the exception of students who were dismissed).

Outside Studies

Students may not take classes or lessons outside AMDA in any performance-related topic other than dance while enrolled at AMDA without permission from the Education Department. Outside dance classes are allowed and may be taken without AMDA's permission.

Semester Performances

AMDA does not guarantee that students will be cast in a featured role or solo number in any AMDA Performance. A student's demonstrated level of performance skills and standard casting factors will determine each student's casting. In many cases, students will participate in duet, trio or group numbers rather than solos.

Audition and Performance Policy

AMDA's goal is to train students to become professional performers. The educational programs at AMDA have been designed to achieve that goal.

Conservatory Students: First-, second- and third-semester students are not permitted to audition (outside of AMDA) for performance work of any kind, salaried or unsalaried. Fourth-semester students are encouraged to audition (for productions that begin rehearsals after graduation), provided that no classes or rehearsals are missed in order to audition.

BFA Students: Students in semesters one through six are not permitted to audition (outside of AMDA) for performance work of any kind, salaried or unsalaried. Seventh- and eighth-semester BFA students are permitted to audition (for an outside production that begins after graduation), provided that no classes or rehearsals are missed in order to audition.

Failure to comply with the Audition Policy may result in a student's dismissal.

Transferring Between AMDA Campuses

■ Conservatory Students

New York and Los Angeles Conservatory students may transfer for the entire second year (third and fourth semesters) only.

Los Angeles Bachelor of Fine Arts students may transfer to the New York campus for their 'third' semester only and would plan to return to the Los Angeles campus to resume their degree program.

Students interested in transferring campuses are required to submit a "Transfer Request" form to the Education Department by the designated deadline (distributed to students in their second semester around week five or six). Students who retract their request after the application deadline marked on the application or who submit their form past the deadline will incur a processing fee of \$200 (subject to change). Students are placed in a pending status while an evaluation of the student's academic standing is conducted. To be eligible for transfer, students must have a cumulative GPA of 3.0 and must not be on academic or disciplinary probation. Students who have received a failing grade or whose accounts are not in good standing are ineligible. Students are encouraged to contact the Education Department with any questions.

■ Applying to the Los Angeles Bachelor of Fine Arts Degree Programs

Students interested in a BFA degree in Acting, Music Theatre, Dance Theatre or Performing Arts have the option of applying to the Los Angeles campus upon completion of the two-year Conservatory Program. Conservatory students may complete an Application for Alumni BFA and submit it to the Los Angeles campus anytime during their enrollment. Academic evaluation of the candidate will not occur until a student has completed his or her third semester coursework. Verification of AMDA Conservatory graduation status must be confirmed in order to enroll in the BFA Program. The Application for Alumni BFA is available online at amda.edu. AMDA graduates are awarded 60 Performance Immersion credits from the work completed in an AMDA Conservatory program to be applied toward the 120 credit requirement for completion of a BFA degree. Any college work completed prior to AMDA that has not been previously submitted should be submitted to the Registrar's Office at the Los Angeles campus for transfer credit evaluation. Students can transfer up to 30 Critical Studies (General Education) credits from other institutions. At this time, all BFA degrees are conferred through the Los Angeles campus only.

Graduation Clearance Policies

■ Academic Evaluation

Students in their third-semester enrollment (Conservatory Programs) or seventh-semester enrollment (BFA Programs) are emailed a notification from the Registrar's Office to conduct a self audit via the Student Portal by viewing their unofficial transcripts to ensure they are meeting the appropriate curriculum and clock or credit hour requirements for program completion. The Registrar's Office concurrently conducts an initial audit review of each student's academic record in accordance with graduation requirements. Students who have grades of "F" (Fail) or "I" (Incomplete) on their official transcript will need to set an appointment with the Registrar's Office during the semester prior to their final semester to ensure those classes are resolved or planned into the final semester's course schedule. Students must earn a cumulative GPA of 2.0 or above in order to be eligible graduation.

■ Graduation Procedures

Students who are candidates for graduation and are enrolled in all remaining certificate or degree requirements during their last semester will be allowed to participate in commencement. Prospective graduates must complete the "Application for Graduation Form" during their final

semester in order to apply for graduation. Students' names are printed on their certificate or diploma as specified on the "Application for Graduation Form." Students are asked to notify the Education Department of any address changes to ensure receipt of the certificate or diploma. Graduates are mailed their certificate or diploma three-to-five weeks after the ceremony (pending verification of program completion and financial standing).

■ Honors Designation

AMDA Los Angeles campus students who have earned a cumulative GPA of 3.7 or higher will be listed in the commencement program as graduating with honors. The GPA is calculated as of the end of the student's penultimate semester (third semester of the Conservatory Programs, seventh semester of the BFA Programs).

■ Final Academic Review

The Registrar's Office conducts a final review of each student's academic record in accordance with graduation requirements. Students who do not meet Final Academic Review standards will not be considered as candidates for graduation. Grades of "I" (Incomplete) or "F" (Fail) on official transcripts must be resolved prior to graduation. Otherwise, students jeopardize their eligibility to graduate. Students will be notified of their deferred graduation status if curriculum requirements have not been satisfied.

■ Financial Clearance

The Registrar's Office must verify that students do not have any financial holds on record in order to release official transcripts and certificates or diplomas. It is the student's responsibility to clear any outstanding balances or holds with the Student Accounts and Financial Aid offices before graduation. Students may not receive any academic records — including official transcripts and their certificate or diploma — if there are any unresolved holds on record.

■ Withheld Diplomas

Students who do not clear verification of program are not considered official graduates as well, students who have failed to settle all financial obligations will have their certificates or diplomas withheld. Students may review their account balance on the Student Portal to determine if there are any unsettled obligations that may prevent receiving their certificate or diploma. All academic records and all alumni privileges — including library use, tapings, and studio use — will be withheld until all academic and financial requirements have been met.

Academic Standards

Continued Enrollment

AMDA desires to see students complete their academic goals, whether a conservatory certificate or a degree. However, students must also follow AMDA policies and achieve satisfactory academic progress in order to remain enrolled at AMDA. Registration signifies that the student agrees to abide by the rules, regulations and requirements of the institution. AMDA reserves the right to cancel the registration of any student who does not comply. This agreement is in keeping with AMDA's philosophy that students should be aware of the dimensions and constraints of the educational community in which they participate during the years of their enrollment.

The following may affect a student's eligibility to continue attending AMDA:

1. Satisfactory Academic Progress
2. Program Standards
3. Registration Processes
4. Veterans Affairs Standards
5. Academic Integrity
6. Standards on Disruption to the Educational Environment
7. Standards on Harassment and Sexual Harassment
8. Illegal and Criminal Offenses

These are explained in the sections that follow and the AMDA Student Handbook.

Failure to Meet Standards

When one or more of the above standards are not met, the following actions may be taken: warning status, probation or dismissal. Each policy area has a process for administration and appeal. Administrative actions may include, but are not limited to the following:

Warning

Warning status, with or without a remediation plan, can be recommended when a student's academic work, professional development or behavior falls below the institution or program standards but the nature of the difficulty or infraction does not require more serious or more immediate action.

Probation

Probationary status is recommended when a student's academic progress or professional development or behavior has been inconsistent with AMDA requirements. A student is given a specific amount of time (usually one semester)

in which to remediate the cause(s) of probation or will otherwise face dismissal from the program. Students may also be placed on Academic Probation without prior notice when any initial act, omission or accumulated absences or tardiness are deemed grave enough to require such action by the administration.

Dismissal

A student may be dismissed from the academic program when conditions are judged to be of a serious nature and are not judged to be remediable; for example, insufficient grade point average, a serious violation of school standards of conduct and ethics or failure to remediate previously identified deficiencies within the specified time. Students may be dismissed from AMDA for reasons including, but not limited to, the following:

- Failure to meet the standards of Satisfactory Academic Progress (SAP) in the program.
- Failure to fulfill financial obligations in any student account, including tuition and housing.
- Failure to meet AMDA's professional standards and expectations as stated in AMDA publications, including personal conduct in school and school-related facilities (e.g., housing). Appraisals of such behavior are at the discretion of AMDA staff and housing personnel.
- Failure to meet attendance standards.
- Failure to comply with AMDA's Audition Policy.

Appeals Process

A student has the right to appeal a decision to the relevant AMDA official. Appeals will only be considered when they are received in writing within the required deadlines stated in the decision letter. Appeals may be made only on the basis that one or more of the following factors have contributed to an unfair or unsupported decision:

- a. the process deviated from applicable policy or procedures;
- b. serious violation(s) of other institution policies, rules or procedures;
- c. preponderance of facts or other evidence not consistent with the final decision;
- d. new information is available that was not available at the time the matter was originally considered;
- e. bias or discrimination in the review process.

When an appeal is made, all relevant institutional officials will cooperate fully in presenting and discussing the recommendations and actions. The original institution

official decides the appropriate process for consideration of the appeal. Absent unusual circumstances, the appeals processes should normally be completed within 30 business days of receipt of the appeal. Appeal decisions made under this section are final.

Satisfactory Academic Progress (SAP) and Academic Standards For Financial Aid

All students are required to meet the standards for Satisfactory Academic Progress in order to continue their matriculation at AMDA. In addition, a student must meet the requirements of the SAP policy below to be eligible to receive federal, state and need-based institutional financial aid assistance and to register for classes. Scholarships and other awards may require students to meet higher standards. Veterans Affairs students have additional requirements.

■ Overview Of SAP Standards

AMDA students and financial aid recipients in particular are expected to make reasonable and timely academic progress toward their declared program objective (certificate or degree) each semester. Reasonable progress is measured by the following standards:

Standard 1: The GPA Standard

Standard 1 is a qualitative measure of progress as measured by the student's cumulative AMDA grade point average (GPA). AMDA academic policies determine how the GPA is calculated, including which grades count in the GPA calculation and the effect of course repeats on GPA. Each student can see his or her current cumulative GPA on the unofficial transcript in the Student Portal. To meet Standard 1, students must have a minimum 2.0 cumulative AMDA GPA.

Standard 2: The Pace Standard

Standard 2 is a quantitative measure that attempts to calculate the pace at which a student is progressing toward program completion. Pace is measured by the cumulative percentage of courses attempted that are successfully completed for credit. There are two steps in performing this calculation. To meet Standard 2, students must satisfactorily complete at least 66.66% of all cumulative credit hours attempted each semester of enrollment.

Failure to meet minimum clock hour or credit hour requirements. Students in a certificate program are required to earn 600 clock hours per academic year (two semesters), and students in a degree program are required to earn 20 semester credits. In the event that a student should repeat

an entire semester, a student would need to earn 600 clock hours (or 20 semester credits) over a period of two consecutive semesters. Students in a degree program are required to earn credits based on their enrollment status of Full Time (12–15 credits), Three Quarter Time (9–11 credits), Half Time (6–8 credits), Less Than Half Time (fewer than 6 credits).

Standard 3: The Maximum Time Frame Standard

Standard 3 determines if the student is actually completing the academic program within a reasonable amount of time and with a limited, reasonable number of units attempted. The maximum time frame for completion of a program of study and financial aid eligibility is 150% of the published length of the program in credit hours or weeks of instruction for clock hours. The maximum time frame is the calculated percentage of credit hours attempted or weeks of instruction in the clock hour program relative to 150% of the number of credit hours or weeks required for program completion. For example, the Conservatory Program is a four-semester program; any student enrolled more than six semesters will lose financial aid eligibility for the duration of his or her program. The BFA Degree Program is an eight-semester program; any student enrolled more than 12 semesters will lose eligibility.

These three standards apply to a student's entire academic record at AMDA, whether or not financial aid was received for prior terms of enrollment. Student academic records are reviewed by the Registrar's Office at the end of each semester to determine compliance with SAP standards for the prior semester. The Financial Aid Office notifies students who have not achieved the established satisfactory academic progress standards of their academic probation or academic ineligibility status by letter.

■ How Satisfactory Academic Progress Standards Are Monitored

Academic Requirements and Review Process

Satisfactory Academic Progress is monitored at the end of each academic semester (fall, spring and summer). Students who fully meet all three standards above are considered in good standing for SAP. Students who are not meeting the standards will be notified of the results and the impact on their financial aid and academic eligibility. Students who have exceeded the Maximum Time Frame (Standard 3) are immediately ineligible to receive additional financial aid assistance. In addition, students who have been academically disqualified are also not eligible to receive financial aid assistance until formally reinstated to the institution.

■ Impact of Course Grades and Status on SAP Grades of Incomplete

Students who earn a grade of “Incomplete” need to resolve the grade by the end of the subsequent semester of enrollment. If the grade of “Incomplete” is unresolved, the grade reverts to a grade of “F.” A grade of “Incomplete” does not impact the cumulative GPA but is calculated towards total credits attempted in the satisfactory academic progress pace of completion and maximum time frame calculations. Upon a grade of “incomplete” being replaced with a letter grade, the student’s SAP standards are reviewed again.

Failed Grades

Conservatory students who receive a grade of “F” for a final class grade will be required to repeat the class and successfully pass a subsequent attempt. BFA students who receive a grade of “F” as the final course grade will be required to repeat the class if it is a “required” course and achieve a successful attempt. If the course is not a core requirement, BFA students may select an alternate class to fulfill the requirement to earn the credits. Students with unresolved failing grades are ineligible to graduate. A grade of “F” is calculated in the GPA and is counted towards total credits attempted in the satisfactory academic progress pace of completion and maximum time frame calculations.

Withdrawals

Students who withdraw from their program of enrollment or from a BFA Program course will have a “W” posted to their official record. Withdrawals have no affect on a student’s cumulative GPA but are calculated towards total credits attempted in the satisfactory academic progress pace of completion and maximum time frame calculations.

Withdrawal-Fail (BFA Programs only)

Students who opt to drop a class after the fifth week of a semester will have a “WF” posted on their official record. A “WF” constitutes a grade of “F” in the determination of a student’s grade point average (GPA) and is calculated as attempted credits in the satisfactory academic progress pace of completion and maximum time frame calculations.

Repeated Courses

If a student must repeat a course due to a failed grade or chooses to repeat a course to achieve a higher grade, the grade earned for both courses will be used towards the calculation of the student’s cumulative GPA. All attempted courses are calculated towards total credits in the satisfactory academic progress pace of completion and maximum time frame calculations.

Transfer Credits

Credit hours that are accepted toward the student’s educational program count as both attempted and completed when calculating pace and maximum time frame for SAP purposes.

Remedial Courses

AMDA does offer remedial courses.

■ Financial Aid and Academic Warning

Failure to meet the minimum cumulative GPA or pace of completion requirements will result in a Warning status for the subsequent academic semester or payment period with continued financial aid eligibility. Students must increase the cumulative GPA to good academic standing or earn sufficient hours or credits to make up for the deficit hours or credits as of the end of the prior semester.

Students who comply with the established standards of academic progress at the end of the warning semester or payment period will return to good academic standing and remain eligible for financial aid. Students who fail to regain good academic standing during the “Warning” semester or payment period are subject to termination or dismissal and are ineligible for financial aid, unless an appeal is requested and approved.

■ Financial Aid and Academic Suspension

A student is subject to financial aid and SAP Suspension if the student:

- Fails to meet the minimum cumulative grade point average at the end of a warning or probation semester or payment period.
- Fails to maintain the minimum clock hour or credit hour pace of completion at the end of a warning or probation semester or payment period.
- Has an unsuccessful appeal.
- Exceeds the maximum time frame for program completion.

A student may submit an appeal to regain academic and financial aid eligibility, if there are extenuating circumstances.

■ Financial Aid and Academic Appeal to Regain Eligibility: Appeal Guidelines

Students who fail to meet these standards and lose eligibility for financial aid may appeal the decision. The appeal must include all of the following:

1. A letter of appeal including a personal statement explaining the following:
 - a. Extenuating circumstances that led to the student not meeting the SAP standards

- b. What actions the student is taking to ensure future academic progress
2. Documentation to support extenuating circumstance(s). Examples of extenuating circumstances include (but are not limited to):
 - a. A period of illness or injury for the student
 - b. A period of illness or injury for an immediate family member requiring the student's assistance
 - c. Death of a family member
 - d. Family difficulties (financial, divorce, etc.)
 - e. Military Service
3. A detailed plan showing:
 - a. how the student will meet remaining program requirements
 - b. how the student will address the SAP standard deficiencies in order to make reasonable academic progress towards a degree or certificate

This appeal should be sent to the Director of Education Services and the Director of Student Financial Services within five days of notification of unsatisfactory academic status or financial aid suspension status. The student will be notified in writing within two weeks of the date of receipt of the appeal, if the appeal is approved or denied.

■ Financial Aid and Academic Probation

If a student successfully appeals, they will be placed on Academic and Financial Aid Probation for one additional semester or payment period and will remain eligible for financial aid during that semester or payment period. Students who meet the minimum SAP standards at the end of a probation semester or payment period will be returned to good academic standing and remain eligible for financial aid. Students who fail to meet the minimum SAP standards at the end of a "probation" semester or payment period are subject to academic termination or dismissal and are ineligible for financial aid.

■ Timely Advising Requirement

All students on Academic Warning Status or Academic Probation Status are required to meet with their academic advisors during the first two weeks of classes in regular semesters to review their academic situations and to formulate or review and revise as needed their plans of study. Any student in either of these statuses who does not comply with this requirement will not be allowed to register and continue enrollment at AMDA unless the cumulative GPA of the student is 2.0 or greater at the end of the semester in which the requirement was not met.

■ Academic Dismissal and Reinstatement

Students who are deemed academically ineligible and dismissed from school may apply for readmission after one year. If their readmission application is approved, the student is required to retake all failed courses during the immediate semester back in school. If the student passes all of these courses, they will be allowed to continue with the program. Students would not be eligible for financial aid funding during their first semester back while repeating failed courses. If the student met SAP standards, after repeating all failed courses, they would regain Financial Aid eligibility.

■ Withdrawal from AMDA

Students who withdraw during the academic year of enrollment must still fulfill the minimum semester credit hours and pace of completion requirements of the SAP policy. Students who are not enrolled for two consecutive terms of attendance are subject to academic termination or dismissal and thus would not be eligible to receive federal financial aid funding. Students who withdraw during the SAP probation semester or payment period without extenuating circumstances may be subject to the loss of eligibility to participate in the financial aid programs upon reenrollment due to failure to meet the minimum SAP standards.

Program Standards

Each program may have standards that students must meet to remain in the program. Unsatisfactory academic progress may be indicated by little or no progress on a project or culminating assignment or failure to meet program academic standards.

Deadlines

Students are required to respect the various academic and administrative deadlines listed in the academic calendar and other institutional publications. Failure to do so constitutes grounds for probation, suspension or dismissal from the program.

Active Enrollment

To remain on active status, students must enroll in consecutive semesters or have an approved leave of absence on file. Students who have not enrolled in a class each semester and do not have an approved leave of absence will be administratively withdrawn. Readmitted students are

CONTINUED »

required to meet any new program requirements in effect at the time of reentry. Students who plan to miss a semester must immediately notify the Education Department of their enrollment intention and follow the leave of absence policy.

Veterans Affairs Standards

AMDA is approved by the US Department of Veterans Affairs (VA) for the training of veterans. All VA paperwork is handled by the VA Certifying Officer (CO) located in the Registrar's Office. VA regulations require that postsecondary institutions maintain records that accurately reflect implementation of certain guidelines. The purpose of VA regulations is to ensure that the serious student is provided the opportunity to attend the school and complete the program best suited to his or her needs. VA regulations and the implementing procedures followed by each institution of higher learning cover three major areas:

- Approval of curricula and programs of education
- Evaluation of previous training and experience
- Standards of attendance and progress

■ Responsibilities of Students Receiving Education Military Benefits

Students must notify their CO when any of the following occurs:

- Dropping or adding course(s)
- Withdrawing from course(s)
- Discontinuing regular class attendance
- Change in programs (academic majors)

VA educational benefits are payable for regular attendance in courses that are part of the veterans' program (major) curriculum. VA educational benefits are not payable for:

- Classes not attended regularly
- Repeating a course for which a passing grade was received
- Classes for which credit is received through successful completion of a proficiency test or grade by examination
- Classes taken on an audit basis
- Classes that are dropped
- Classes taken that are not part of the student's academic program (major) curriculum

■ Student Role to Continue to Receive Benefits Online Certification of Enrollment

Recertification for benefits is not automatic and must be requested each semester. To prevent overpayment and subsequent indebtedness to the federal government, it is important to notify the CO for the campus immediately of changes that may affect eligibility for benefits. It is the

responsibility of each student to keep their CO apprised of the following:

- **Class Registration**
After registering, students should request VA-ONCE (ONline Certification of Enrollment) through their CO. The earlier a student registers and notifies registration information to the CO, the earlier certification can be transmitted to the Department of Veterans Affairs.
- **Changes to Schedule**
Any additions, drops, withdrawals or other interruptions must be immediately reported to the CO by the student.
- **Failure to Attend Class**
Routine class attendance is required for students receiving VA benefits. Students who are unable to attend class for an extended period of time should notify their instructors and their CO.
- **Change of Major**
The VA must be notified when a student changes a major. These changes may be approved if there is minimal loss of credit hours.
- **Change of Address**
If a student's address changes, both the Department of Veterans Affairs and AMDA must be notified.

Students are responsible for notifying their CO of their registration each semester at AMDA. All students receiving VA benefits have a responsibility to notify the CO of any changes in clock or credit hours enrolled once the semester begins. Failure to notify the CO may result in incorrect payment for which the student may be held liable.

■ Role of a Student (for all VA Benefit Programs)

The VA requires all students attending AMDA under Veterans Educational Assistance Benefits to make satisfactory academic progress and systematic advancement toward an educational objective or be liable for overpayments from the VA. Satisfactory progress and regular class attendance are expected.

Most military students at AMDA meet the conditions for "satisfactorily pursuing" a program of study for receiving VA benefits by meeting the AMDA general catalog requirements. However, a few VA requirements are stringent and are as follows:

1. **Regular Attendance:** Students must be in regular attendance of all classes for which they are registered.

AMDA makes routine attendance checks through the faculty to verify compliance.

2. **Unsatisfactory Progress:** AMDA must notify the VA that a student has made unsatisfactory progress if the student:
 - a. fails or withdraws from all classes or
 - b. is suspended by AMDA.

Education benefits are terminated when a student makes unsatisfactory progress.

3. **Classes Not Completed:** Unless there are extenuating circumstances, students do not receive benefits for any portion of a class dropped after drop deadlines or for classes in which incomplete (delayed) grades are received and not resolved within stated deadlines.

Academic Integrity Policy

All people participating in the educational process at AMDA are expected to exhibit honesty and integrity in all aspects of their academic work. Academic dishonesty includes cheating, plagiarism and any attempt to obtain credit for academic work through fraudulent, deceptive or dishonest means. Students should presume that all of their written work may be checked against international electronic databases of student work and published sources to detect plagiarism. These electronic databases often add the submitted material to their sources to compare against other student work. By submitting assignments, a student agrees to these processes.

■ Definitions

It is the student's responsibility to know and understand what constitutes academic dishonesty and to seek guidance when in doubt about these matters.

AMDA defines academic dishonesty as follows:

Cheating

Using or attempting to use unauthorized materials, information, study aids or extended assistance in any academic activity, exercise or exam.

Fabrication or Falsification

Altering or inventing any information or study aids in any academic exercise. This includes falsification or unauthorized modification of any academic records. This may also include attempting to gain advantage over fellow students in an academic exercise through such means as lying about the need for an extension on a paper.

Plagiarism

Plagiarism is theft and can be committed intentionally or unintentionally. Plagiarism can occur by representing the writings, works or ideas of another as one's own or by copying material from a resource without proper citation. Exact copying should be correctly documented; for example, students should use footnotes or endnotes when appropriate. Paraphrasing, when the basic sentence structure, phraseology and unique language remain the same, also requires proper citation.

Sabotage

Willfully damaging or impeding the academic work of another person. This has particular application to computer files, library resources and laboratory or studio work and may include software piracy, constructing and introducing viruses into a system or copying copyrighted programs. This may also include deliberately depriving others of necessary academic sources.

Aiding and Abetting

Helping or attempting to help another commit an act of academic dishonesty. For example, students may not duplicate work nor allow others to conduct research or prepare work for them without advance authorization of the instructor.

Reuse or Resubmission of Work

Submitting work or significant portions of some work for use in more than one course without the instructor's knowledge and permission.

Academic Integrity Violations: Review and Disciplinary Actions

Faculty will take the lead in approaching students regarding perceived violations. Students are also encouraged to confront others when they become aware of academic dishonesty directed against their work or the work of other students.

■ Track 1

A. First Offense

When a concern about academic integrity arises, the concerned faculty member(s) will initiate a conference with the student(s) involved:

1. To clarify policy and determine whether an offense occurred.
2. To provide an opportunity for student acknowledgment of a recognized offense.
3. To discern an appropriate response for making things right, clarifying and committing to consequences and future behaviors that will lead to academic honesty and integrity and the restoration of relationship(s).

The initial goal is to discern whether there is an offense and determine an appropriate response. If the result of the initial student-faculty conference determines that no offense has occurred, the process will not proceed further and no further action need be taken. Upon student acknowledgment of a recognized offense, the offense will be reported to and recorded by the Education Department, and an appropriate response will be mutually discerned by the faculty member(s) and student(s) together. That response will be shaped initially by determining whether the offense was intentional or unintentional; both are considered violations with consequences.

For all recognized offenses, the student(s) and faculty member(s) will attempt to collaboratively determine an appropriate response. The typical consequence for a recognized first offense is a zero on the assignment.

However, depending upon the nature of the violation, the response may be:

- Redo assignment (e.g., paper or exam) with guidelines for resubmission.

- Complete an additional substitute assignment.
- Redo assignment for less credit.
- Reduction of grade for an assignment.
- Zero on the assignment
- Reduction of overall course grade.
- Withdrawal from or failure of course.

All student and faculty mutually determined and agreed upon responses (and fulfilled agreements) will be reported to the Education Department, the student's mentor or advisor, and the student's program director.

B. Multiple Offenses

All second offenses of any kind will be treated as recognized and intentional (i.e., as known, willful violations) and dealt with by the administration. Multiple offenses may include:

- second, third and subsequent offenses
- different types of offenses (e.g., plagiarism, cheating, etc.)
- simultaneous offenses (e.g., in different courses)
- unintentional followed by intentional offenses

The typical response for a second violation will be failure of the course and loss of eligibility for honors. Other possible consequences are loss of financial aid and reduction or removal of scholarships at the discretion of AMDA.

The typical response for a third violation will be disqualification. The Registrar's Office will code the student as for being academically disqualified and receiving an academic integrity violation. This coding will put a hold on the student account so they cannot register for courses.

Students can appeal their status within five business days following their notification of disqualification, during which time they are allowed to remain in class. The Education Department will submit the matter to the Academic Integrity Review Committee (see Track 2). If they do not appeal within five business days, they are academically disqualified. The decision of the Academic Integrity Review Committee is final.

All disqualified students will have a hold on their account and be unable to register for at least one semester. After one semester, they may apply for readmission by petition to AMDA. Readmission is not automatic but will be weighed relative to the severity of the violation and appropriate response by the student. If a student who is allowed to reenroll commits another integrity violation, the student will be permanently disqualified.

■ Track 2

Disputed Offense or Penalty

If, as the result of the initial student-faculty conference, the faculty member believes that an offense has occurred, the matter will be submitted to the Academic Integrity Review Committee for resolution in any of the following instances:

- a. the student does not acknowledge an offense;
- b. the student and faculty member disagree on an appropriate response;
- c. the student and faculty member are otherwise unable to mutually resolve the situation.

■ Track 3

Unwilling to Participate

Students who are unwilling to voluntarily participate in the above processes, willfully act in an uncooperative, abusive or destructive manner or intentionally undermine agreed-upon outcomes may be subject to academic disqualification, suspension or dismissal from the institution as determined by AMDA.

■ Reporting

AMDA will record cases where academic integrity has been violated in order to discern individual and institutional student patterns and to help determine appropriate responses and outcomes. Similarly, all violations will be reported to the institution's Academic Integrity Review Committee. Intentional violations will be permanently recorded in the student's academic file. Unintentional violations will be kept in a temporary file until the completion of the student's academic involvement at AMDA. Reports will conform to current legal expectations regarding student rights and responsibilities.

Educational Environment

AMDA endeavors to provide a safe and orderly environment, in which all students are able to pursue their academic, social and spiritual development. The institution reserves the right to implement a disciplinary process, which may culminate in the suspension or dismissal of any student who does not meet behavioral standards or comply with Institution policies. The institution also expects that the actions of any student not pose a threat to the health or safety of others and not unreasonably disrupt the educational environment of the institution.

Threat to the Health or Safety of Others

Threat to the health or safety of others means, for example, any act, planned act or threatened act that places another student, member of the faculty or staff or any campus visitor at an unreasonable risk of bodily harm, exposure to illness, loss of life or destruction of property. A threatened act includes overt threats, as well as threats reasonably perceived by the actions, interactions or conduct of a student. Further, a student may be considered to pose a direct threat to the health of others if current medical information indicates that the student's behavior or medical condition could reasonably expose others to illness, disease or other bodily harm. This exposure risk must exceed that commonly found in community environments and would include a student's possession of a presently contagious illness or disease or failure to maintain appropriate hygiene.

Disruption to the Educational Environment

Unreasonable disruption to the educational environment means, for example, any disruptive act that unreasonably impedes another student's functioning within an academic or community life setting or unreasonably impedes the ability of faculty, administration or staff to fulfill their duties and obligations. A violation may include a single disruptive act or ongoing acts and may involve complaints from students, faculty or staff. In determining violations, an assessment will be made of the nature and extent of the disruption and the content and frequency of the complaints.

Institution Response

Violation of these or other policies may result in disciplinary action up to and including suspension or dismissal. The institution reserves the right to remove a student from particular settings or from all institution activity pending the outcome of the disciplinary process, depending on the nature and extent of the offense.

This information is designed to provide open, pertinent information for both prospective and current students. The presentation of this information complies with the Higher Education Act of 2008, which requires post-secondary institutions to publically disclose various aspects of their policies and procedures. All students are encouraged to review the information in AMDA publications and on the website prior to signing an enrollment agreement.

Right To Change Requirements

The AMDA Catalog presents the policies and procedures for all educational programs offered by the Institution. AMDA reserves the right to make alterations to this Catalog and the policies and procedures therein as deemed necessary by AMDA. Changes may also be necessitated by federal, state, or local law, other regulatory requirements, accreditation or licensure. Changes may include but are not limited to curriculum, academic policies, administrative policies, procedures and costs. Notice is not required for a new policy to take effect; however, AMDA will make reasonable attempts to notify students promptly of any policy changes through communication methods deemed appropriate by AMDA administration.

Bankruptcy Notice

AMDA does not have a pending petition in bankruptcy, is not operating as a debtor in possession, has not filed a petition within the preceding five years, nor has had a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code (11 U.S.C. Sec 1101 et seq.).

Standards of Ethical Business Conduct

AMDA and its employees are not permitted to engage in revenue-sharing arrangements with any lender, nor accept equipment or printing services from loan providers. AMDA and its employees will not steer borrowers to particular lenders or delay loan certification.

AMDA prohibits employees and agents of the institution from:

- receiving gifts from a lender, guaranty agency or loan servicer;
- accepting compensation for any type of consulting arrangement or contract to provide services to or on behalf of a lender relating to education loans; or
- serving on an advisory board, commission, or group established by lenders or guarantors, except for reimbursement for reasonable expenses.

This statutory prohibition is implemented in 34 CFR 682.212.

Assessment of Student Learning

AMDA is committed to the assessment of student learning for purposes of the ongoing improvement of curriculum, programs and services offered by the institution and for accreditation processes. Students, faculty, staff and administrators all play a role in student learning and all benefit from the creation of useful and meaningful assessment strategies and information.

Assessment activities at AMDA are conducted by academic, administrative and student affairs departments and units and may take the form of surveys, standardized tests, program evaluation forms, focus groups, student projects, student reflective activities or any of a variety of other mechanisms. Some assessment instruments are given to specific groups of students; others are given to students randomly selected from a group or groups of students. Assessments may be administered both inside and outside of the classroom. Some assessments may be voluntary; others may be required.

Assessment-related data are kept confidential for individual students and are released only in aggregate form. Unless the assessment tool is also part of the assignments for a course, student performance in the assessment activity does not affect course grades or progress toward graduation.

Statement on Academic Freedom

AMDA is dedicated to maintaining a climate of academic freedom encouraging the sharing and cultivation of a wide variety of viewpoints. Academic freedom expresses our belief in inquiry, informed debate and the search for truth; academic freedom is necessary in order to provide students with a variety of ideas, to encourage them to engage in critical thinking and to help them understand conflicting opinions.

Academic freedom encompasses the freedom to study, teach and express ideas, including unpopular or controversial ones, without censorship or political restraint. Academic freedom, rather than being a license to do or say whatever one wishes, requires professional competence, open inquiry and rigorous attention to the pursuit of truth. In a search for truth and in a context of reasoned academic debate, students also have the right to express their opinions and to question those presented by others.

Academic freedom is accompanied by academic responsibility, which implies faithful performance of one's academic duties and obligations including a presentation of course content that meets the requirements and learning objectives of approved syllabi. Thus, faculty members are entitled to introduce and discuss in their classrooms ideas that are controversial, insofar as these ideas relate to the subject matter of the course. Faculty members are entitled to deliver the course learning objectives by a variety of means and by using their choice of instructional materials, as long as they adhere to the curricular requirements for a specific course and academic program.

Faculty are citizens, members of a learned profession and professional employees of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As scholars and educational professionals, they should remember the public might judge their profession and their institution by their utterances. Hence, they should at all times be accurate, exercise appropriate restraint, show

respect for the opinions of others and make every effort to indicate that they are not speaking for AMDA.

Any student or faculty member who believes that his or her academic freedom has been questioned or comprised in any way may contact the Director of Education and or Executive Director.

The "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act," commonly referred to as the "Clery Act," is a federal law that requires institutions of higher education in the United States to disclose campus security information including crime statistics for the campus and surrounding areas. Each year a report that contains three years' worth of campus crime and fire statistics and campus security policy statements is published on the AMDA website. A 60-day crime log and a fire log are open to the public and available from the campus safety department. A full copy of the most current report can be found at amda.edu/student-downloads.

At a minimum, the Act requires each institution to distribute to all of its students and employees the following: (a) a statement of standards of conduct that clearly prohibits the unlawful possession, use or distribution of drugs and alcohol by students and employees on the institution's property or as part of any of its activities; (b) a description of the applicable legal sanctions under local, state and federal laws for the possession or distribution of illicit drugs and alcohol; (c) a description of the health risks associated with the use of illicit drugs and the abuse of alcohol; (d) a description of any drug or alcohol counseling, treatment, rehabilitation or reentry programs that are available to the institution's employees or students; and (e) a statement that the institution will impose sanctions on students and employees who violate its standards of conduct relating to illicit drugs and alcohol, and a description of those sanctions. The sanctions must be progressive (up to and including expulsion or termination of employment and referral for prosecution), and consistent with federal, state and local laws.

higher education to engage in certain voter registration activities during years when there are elections for federal office, governor or other chief executives within the state [HEA Section 487(a)(23)]. In accordance with the statute, institutions must make a good faith effort to distribute voter registration forms and make such forms widely available to students in attendance. The institution shall be considered in compliance with the requirements for each student to whom the institution electronically transmits a message containing a voter registration form acceptable for use in the State in which the institution is located, or an Internet address where such a form can be downloaded, if such information is in an electronic message devoted exclusively to voter registration.
