

Supplemental Food Plan (SFP) Important Information

AMDA recognizes that being a student in higher education can be stressful - *and costly* - and being hungry may only add to the stress!

AMDA NY's Supplemental Food Plan for students! While this declining balance meal plan isn't meant to carry you day-and-night, it's a great option to ensure that you're able to have a meal and/or snack(s) on campus throughout your busy day of classes and rehearsals.

- **\$2,520 - 1st Year Residential SFP Plan (\$1,260 per term)**
- **\$1,800 - 1st Year Non-Residential SFP Plan (\$900 per term)**

Frequently Asked Questions:

What is the SFP Card?

- Think of the SFP card as a debit card with a declining balance that can be used at Cooking With Corey locations on campus. When you purchase something, the amount you spend is subtracted from your balance.

Is the SFP required?

- ***The Supplemental Food Plan is a required plan for all first year students, and it's included in the tuition costs.*** For any questions regarding this plan, please contact the AMDA NY Financial Aid Department at financialaidny@amda.edu.

How should I use the SFP?

- Students are encouraged to use their declining balance in whatever way works for them. For example, a student may spend \$50 on Monday at Cooking With Corey and \$5 on Tuesday. There is no cap on how much a student can spend in one day. There is no minimum, either. As a guide, the cost of the SFP breaks down to roughly \$12 per day, so if a student uses the SFP daily they would budget for this amount.

Is the SFP considered a full meal plan?

- No, the SFP is meant to supplement a student's daily food allowance. Since students will be on-campus (in classes or rehearsals) the vast majority of the day, the SFP is a practical, supplemental plan.

Can SFP be waived?

Since the SFP is designed to ensure students are getting the nutrition they need to be successful at AMDA, it generally cannot be waived. If you feel the food served by the SFP is inaccessible to you due to a disability, allergy, or other medical condition, please contact Accessibility Services at nyaccessibility@amda.edu as soon as possible. Any waiver request made after Week 3 may not be processed during the current semester.

How can I find out my balance, and add Dining Dollars to my account?

- By accessing www.cookinwithcorey.com, calling (929) 288-3481 or checking at any COOKING WITH COREY location, students and parents can check their balance, and add Dining Dollars to their account.

How is Cooking WITH COREY affiliated with AMDA?

- COOKING WITH COREY is independently owned and operated, separate from AMDA. However, AMDA has an excellent working relationship with them and they communicate on a regular basis to collaboratively ensure the best product (*cost and quality*) is being offered to our students, faculty, administration and staff.

If I withdraw or take a leave of absence from AMDA, will I be refunded the unused balance of my SFP from Cooking WITH COREY?

- If you withdraw before the 8th week of the Semester AMDA will credit the unused SFP balance to the student's account.
- If taking a Leave of Absence, any unused SFP funds will be credited back to the student's account.

Will my Dining Dollars roll over from term to term?

- Unused SFP funds will roll over from term to term while you are attending AMDA, but after graduation or upon leaving AMDA all funds will be forfeited if not exhausted, so please be sure to use up your balance by graduation.
